PROXY STATEMENT

PROXY SUMMARY

This summary highlights information contained in this Proxy Statement. This proxy summary does not contain all of the information you should consider, and you should read this entire Proxy Statement before voting.

Corporate Responsibility

Some highlights of our ESG and corporate responsibility efforts appear below. Please visit <https://www.anteroresources.com/esg> for more information and a link to our most recent ESG report.⁽¹⁾

Human Capital Management

The largest contribution in making Antero a responsible and sustainable company comes from our talented and experienced employees.

- The safety and security of our people and the integrity of our operations are our top priorities. Our health and safety compliance program seeks to protect our workforce and the communities in which we operate by striving for “Zero incidents, Zero harm, Zero compromise.” We have sought to implement developed and thoughtful processes for identifying and mitigating safety risks:
 - Identification – behavior-based safety programs, job safety analysis, emergency response drills and contractor vetting through a reputable third-party vendor
 - Mitigation – contractor safety improvement plans, root cause analyses, risk ranking/mitigation reviews, pre-job safety startup reviews, and a library of over 30 individual training courses
- We believe that our success as a company is not only measured by our financial results but also by how we treat our employees. We strive to help our people enjoy healthier lives, achieve educational goals, and pursue economic opportunities for themselves and their families by offering competitive compensation and benefits, including:
 - Healthcare coverage – medical and prescription, dental and vision
 - Financial assistance – health savings accounts, student loan repayment reimbursement, dependent care flexible spending account coverage and 401(k) plan with matching up to 6%
 - Insurance – basic life, accidental death and disability, short-term and long-term disability coverage
 - Lifestyle – employee assistance program, holidays and personal choice days, paid vacation and sick leave, company-paid parental leave, gym memberships and/or fitness subscription reimbursement, and free parking and public transportation
- Doing the right thing is essential to our culture. To that end, we conduct an annual, company-wide ethics and compliance training program that covers, among other things, ethical business practices, insider trading, and anti-discrimination and anti-harassment.
- We aim to respect human rights and promote them in our supply chain through, among other things, our company policies, including:
 - Supplier Code of Conduct – promotes the fair and ethical treatment by suppliers, contractors, independent consultants and other parties that Antero works with through a set of guidelines focusing on equal opportunity, workplace safety, protection of the environment, among other things

⁽¹⁾ Please note that this Internet address is for information purposes only, and no information found and/or provided at such Internet address, contained on our website in general, or included in our ESG Report is intended or deemed to be incorporated by reference in this Proxy Statement.

- Human, Labor and Indigenous Rights Policy – promotes respect of human rights through compliance with applicable national and local laws as well as pertinent trends and norms with respect to compensation, discrimination, health and safety, community and indigenous peoples, and that prohibits child labor, forced labor and human trafficking, as well as workplace harassment, discrimination, and misuse of employer power, in line with applicable laws related to all of these topics; and provides access to a hotline for reporting concerns or grievances

Community Engagement

We are committed to enhancing the communities where we live and work. Recent highlights of our community engagement and investment include:

- Together with Antero Midstream Corporation (“Antero Midstream”):
 - Committed to donate \$4.0 million to West Virginia University Benjamin M. Statler College of Engineering and Mineral Resources
 - Generated property and severance taxes of \$170.9 million in 2023 and \$918.5 million over the last five years
 - Contributed meaningful employment opportunities in the Appalachian Region
- Together with the Antero Foundation and Antero Midstream:
 - Donated \$1.3 million to philanthropic and community endeavors, including \$0.2 million to 57 regional food pantries in West Virginia and Ohio in 2023
 - Donated \$3.8 million to philanthropic and community endeavors over the last five years, including regional food pantries, healthcare providers, homeless outreach and shelter providers, and crisis outreach and shelter services

Diversity, Equity and Inclusion

We recognize the importance of supporting and promoting diversity in our workplace. Our Diversity and Inclusion Policy prohibits all forms of unlawful discrimination based on, among other things, age, race, ethnicity, religion, sex, gender identity and other impermissible factors. In addition, we identify qualifications, attributes, and skills that are important to be represented on the Board. We consider individuals of all backgrounds, skills and viewpoints when seeking employees and candidates for Board service.

As set forth in our Diversity and Inclusion Policy and our Nominating & Governance Committee Charter, we view diversity broadly to include diversity of backgrounds, skills and viewpoints as well as traditional diversity concepts such as race, gender, national origin, religion, sexual orientation or identity. Our Diversity and Inclusion Policy and our Nominating and Governance Committee Charter require that each initial pool of candidates to be considered to fill a vacancy on the Board includes at least one individual who is considered diverse based on the traditional diversity concepts described therein.

We embrace an approach that values diversity, and we are committed to making opportunities for development and progress available to all employees so their talents can be fully developed and our and their success can be maximized. We believe that creating an environment that cultivates a sense of belonging requires encouraging employees to educate themselves about each other’s experiences, and we strive to promote the respect and dignity of all persons. We also believe it is important that we foster education, communication and understanding about diversity, inclusion and belonging. In line with our commitment to equal employment opportunity and diversity and inclusion, our outside recruiters are asked to review our Diversity and Inclusion Policy and implement practices that align with it, including providing us with a diverse initial pool of employee candidates.

In recent years, we have promoted a number of women to senior management roles, including our Chief Compliance Officer, Senior Vice President—Legal, General Counsel and Corporate Secretary, Chief Accounting Officer and Senior Vice President—Accounting, Senior Vice President—Geology and Vice President—Production. In 2023, over one-third of our newly hired employees identified as individuals from a group that has been historically underrepresented.

As of December 31, 2023:

23%

of our employees
are women

43%

of our independent
directors are women

21%

of our directors and corporate
officers are women

Governance

Our Board has ultimate oversight over the company's operational performance and ethical conduct. This includes, in partnership with our executive leadership team, managing our risk mitigation. Highlights of our corporate, environmental and social governance programs include:

• Director independence and Board composition

- Seven out of eight directors are independent
- We have an independent lead director
- Each Board committee is chaired by an independent director and comprised entirely of independent directors
- The ages of our directors range from 48 to 79 years old, and the average director tenure is 8.9 years

• Focus on Environmental and Social Matters

- We have an ESG Committee of the Board that guides and governs our ESG initiatives
- We have an ESG Advisory Council, made up of members of management from across the organization, that develops a centralized, systematic approach for identifying, managing and communicating ESG risks and opportunities
- 15% of executive target annual incentive compensation is tied to certain ESG performance metrics
- In 2023, 100% of employees completed training for our Diversity and Inclusion Policy, our Human Labor and Indigenous Rights Policy, our Supplier Code of Conduct, and with respect to unconscious bias

• Valuing investor feedback and alignment with stockholders

- We proactively engage with stockholders and other stakeholders, including with respect to ESG programs and performance
- Our executive compensation program and robust stock ownership guidelines applicable to directors and executives were thoughtfully designed to incentivize the maximization of shareholder value
- Our corporate policies generally prohibit hedging or pledging company stock

Environment and Safety

We believe safety and environmental stewardship are intrinsically linked. “Zero incidents, Zero harm, Zero compromise” is designed to empower every employee to make the safest decisions to protect our people and be a good steward to the environment. Our dedicated staff of health, safety, security and environmental (“HSSE”) professionals manage our HSSE programs and are committed to our performance as a safe and sustainable energy company. In addition, stewardship of the environment is a fundamental value in our overall business strategy.

Our Environment and Safety highlights include:

- 2023 environmental and safety performance
 - Scope 1 GHG emissions of 0.2 million metric tons of CO₂e
 - Scope 1 GHG intensity of 0.18 metric tons of CO₂e/Mmscfe, a 14% reduction from 2022
 - 89% of wastewater generated is recycled
 - TRIR and LTIR for our employees and contractors of 0.188 and zero, respectively, in 2023, maintaining our commitment to the safety of our employees and contractors
- Continued progress towards Net Zero Scope 1 (direct) and Scope 2 (indirect from the purchase of energy) emissions by 2025 through the following:
 - Initiated a responsibly sourced gas certification effort that will expand the number of wells and production that is Trustwell certified by Project Canary
 - Conducted three aerial flyovers of 78 well pad locations as part of our emissions monitoring initiatives
 - Replaced or converted approximately 500 natural gas-controlled pneumatics in 2023 and approximately 6,700 natural gas-controlled pneumatics since 2021 as part of our plan to replace or convert all of our natural gas-driven pneumatics to air-driven pneumatics by the end of 2025
 - Utilized our GHG & Methane Reduction Working Group and ESG Advisory Council to identify emission-reduction opportunities
 - Active participation in the U.S. EPA Natural Gas STAR program, ONE Future, The Environmental Partnership, and the Colorado State University’s Methane Emissions Technology Evaluation Center (through December 31, 2023), which provides us with information and resources to help reduce our Scope 1 and Scope 2 GHG emissions
- ESG disclosures are aligned with the Sustainability Accounting Standards Board (SASB) and the recommendations of the Task Force on Climate-Related Financial Disclosures (TCFD)
- Management regularly reports to the Board ESG Committee on pertinent ESG risks and opportunities, including climate related topics

Executive Compensation Highlights

- Key 2023 Company performance highlights include:
 - Achieved 6% net production growth compared to 2022 while targeting a maintenance capital program
 - Invested \$909 million in drilling and completion capital, in line with the 2023 budget
 - Reduced cash operating costs by \$0.21 per Mcfe, an 8% reduction compared to 2022 cash operating costs

Below is a summary of key components and decisions of our executive compensation program for, and performance levels achieved in 2023:

- Long-term incentive compensation awards are 50% performance-based equity awards for our Named Executive Officers based on absolute TSR performance hurdles and leverage metrics. All long-term incentive awards vest over several years to reward sustained Company performance over time.
- A meaningful portion of our annual incentive plan is tied to a qualitative assessment of certain ESG performance metrics by the Compensation Committee. Our ESG performance is focused on three primary areas:

- Progress towards Net Zero (Scope 1 and 2) emissions by the end of 2025
- Water Recycling
- Total Recordable Incident Rate
- The annual incentive plan for 2023 also included other metrics we felt were key to value creation, including operational strategy (disciplined capital expenditures and production volume), leverage goals, and cash cost containment. The Compensation Committee determined that, in order to better align the 2023 Annual Incentive Program payouts with the interests of shareholders, those payouts should be reduced from 137.4% to 120% of target. The full details of our annual incentive plan metrics, goals and results are shown on page 44 of the proxy.
- Performance share unit awards with a performance period ending in 2023 paid out at between 112.5% and 200% of target.
- Each of the Named Executive Officers is employed at-will and none of the Named Executive Officers is party to an employment agreement, severance agreement or change in control agreement.

Investor Outreach

Antero and the Board value input from stockholders, and we are committed to maintaining an open dialogue to receive feedback on important items. In 2023, we met with stockholders to discuss, among other things, compensation and ESG matters.

The Compensation Committee solicited and carefully considered the feedback received from our stockholders during the stockholder outreach conducted in 2023, which was generally supportive of our executive compensation program, with the exception of the off-cycle awards granted in October of 2022. Further, we have historically had strong support for our executive compensation program (Say-on-Pay votes have averaged over 97% approval in the five years prior to 2023). As a result, there were no material changes to the Company’s compensation program or philosophy during 2023 and no off-cycle awards were granted to our Named Executive Officers in 2023. For additional information regarding our shareholder engagement regarding executive compensation and the feedback we received from our shareholders, please see “Compensation Discussion and Analysis—2023 Say-on-Pay Advisory Vote.”

We are pleased this year to conduct the Annual Meeting solely online via the Internet through a live webcast and online stockholder tools. We are conducting the Annual Meeting virtually because we believe a virtual format makes it easier for stockholders to attend and participate. Voting Before or During the Meeting

Whether you are a stockholder of record or a beneficial stockholder, you may direct how your shares are voted without participating in the Annual Meeting. Cautionary Note Regarding Forward-Looking Statements

This Proxy Statement includes “forward-looking statements.” Such forward-looking statements are subject to a number of risks and uncertainties, many of which are not under Antero Resources’ control. All statements, except for statements of historical fact, made in this Proxy Statement regarding activities, events or developments Antero Resources expects, believes or anticipates will or may occur in the future, including those regarding (1) ESG and sustainability-related activities; (2) our plans, strategies, initiatives, and objectives; (3) our assumptions, outlooks and expectations; (4) the scope and impact of our ESG risks and opportunities; and (5) standards, engagement, disclosure and expectations of third parties are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements are aspirational and not guarantees or promises that they will be achieved. All forward-looking statements speak only as of the date of this hereof. Although Antero Resources believes that the plans, intentions and expectations reflected in or suggested by the forward-looking statements are reasonable, there is no assurance that these plans, intentions or expectations will be achieved. Therefore, actual outcomes and results could materially differ from what is expressed, implied or forecast in such statements. Except as required by law, Antero Resources expressly disclaims any obligation to and does not intend to publicly update or revise any forward-looking statements.

The actual conduct of our activities, including the development, implementation, progress or continuation of any initiatives (including ESG and sustainability-related ones), commitments, strategies, and objectives, discussed or forecasted in this report may differ materially in the future. The reader should thus not place undue reliance on these forward-looking statements. In addition, many of the assumptions, standards, methodologies, statistics, metrics and measurements used in preparing this Proxy Statement, the 2022 ESG Report, and other ESG and sustainability-related information provided by the Company continue to evolve and are based on management’s beliefs, assumptions, and expectations based on currently available information believed to be reasonable at the time of preparation but should not be considered guarantees. The standards, methodologies, statistics, metrics and measurements used, and the expectations and assumptions they are based on, have not been verified by any third party. Statistics, metrics, and measurements relating to ESG matters are estimates and may be based on assumptions or developing standards. In some cases, the information is prepared, or based on information prepared, by governmental agencies, third-party vendors and consultants, or other third parties, and is not independently verified by Antero Resources.

Antero Resources cautions you that these forward-looking statements are subject to risks, uncertainties and assumptions, including those incident to the exploration for and development, production, gathering and sale of natural gas, NGLs and oil, most of which are difficult to predict and many of which are beyond Antero Resources’ control. These risks include, but are not limited to, those identified in our most recent filings with the Securities and Exchange Commission (“SEC”) on Form 10-K and Form 10-Q. While we anticipate continuing to monitor and report on certain sustainability information, we cannot guarantee that such data will be consistent year-to-year, as methodologies and expectations continue to evolve and vary across companies, industries, jurisdictions and regulatory bodies. We hereby expressly disclaim any obligation or duty not otherwise required by legal, contractual, and other regulatory requirements to update, correct, provide additional details regarding, supplement, or continue providing such data, in any form, in future. Furthermore, there are sources of uncertainty and limitations that exist that are beyond our control and could impact the Company’s plans and timelines, including the reliance on technological and regulatory advancements and market participants’ behaviors and preferences.

In addition, while we seek to align these disclosures with the recommendations of various third-party frameworks, such as the Task Force on Climate-Related Financial Disclosures, we cannot guarantee strict adherence to these framework recommendations. Additionally, our disclosures based on these frameworks may change due to revisions in framework requirements, availability of information, changes in our business or applicable governmental policy, or other factors, some of which may be beyond our control. Moreover, with regards to our participation in, or certification under, various frameworks, we may incur certain costs associated with such frameworks

and cannot guarantee that such participation or certification will have the intended results on our or our products' ESG profile. In addition, the calculation of the methane leak loss rate disclosed in the 2022 ESG Report is based on ONE Future protocol, which is based on the EPA Greenhouse Gas Reporting Program currently in effect. We also calculate our Scope 1 GHG emissions in accordance with the EPA Greenhouse Gas Program, which is subject to change, and revisions to this program could result in the calculation of increased emissions from our operations, which in turn could impact our ability to realize our Scope 1 and 2 GHG emission reductions on our proposed timeline. Scope 1 GHG emissions are the Company's direct greenhouse gas emissions, and Scope 2 GHG emissions are the Company's indirect greenhouse gas emissions associated with the purchase of electricity, steam, heat or cooling. Antero Resources anticipates achieving Net Zero Scope 1 and Scope 2 GHG emissions by 2025 through operational efficiencies and the purchase of carbon offsets; however, achieving Net Zero Scope 1 and Scope 2 GHG emissions is aspirational and we could face unexpected material costs as a result of our efforts to do so. Moreover, given uncertainties related to the use of emerging technologies, the state of markets for and availability of verified quality carbon offsets, we cannot predict whether or not we will be able to achieve Net Zero Scope 1 and Scope 2 GHG emissions in a timely fashion, if at all, or whether any offsets we purchase will ultimately achieve the emission reduction it represents.

This Proxy Statement and the 2022 ESG Report contain statements based on hypothetical or severely adverse scenarios and assumptions, and these statements should not necessarily be viewed as being representative of current or actual risk or forecasts of expected risk. These scenarios cannot account for the entire realm of possible risks and have been selected based on what we believe to be a reasonable range of possible circumstances based on information currently available to us and the reasonableness of assumptions inherent in certain scenarios; however, our selection of scenarios may change over time as circumstances change. While future events discussed in this Proxy Statement or the 2022 ESG Report may be significant, and with respect to which we may even use the word "material" or similar concepts of "materiality," any potential significance should not be read as necessarily rising to the level of "materiality" of certain disclosures included in Antero Resources' SEC filings.

ITEM ONE: ELECTION OF DIRECTORS

The Board is currently comprised of eight directors divided into three classes. Directors in each class are elected to serve for three-year terms and until they are re-elected, their successors are elected and qualified, or until his or her death or until they resign or are removed. Each year, the directors of one class stand for re-election as their terms of office expire.

Based on recommendations from our Nominating & Governance Committee, the Board has nominated the following individuals for election as Class II directors of Antero, with terms to expire at the 2027 Annual Meeting of Stockholders, barring an earlier death, resignation or removal:

W. Howard Keenan, Jr.

Jacqueline C. Mutschler

All nominees currently serve as Class II directors of Antero. Their biographical information is contained in "Directors" below.

The Board has no reason to believe that any of its nominees will be unable or unwilling to serve if elected. If a nominee becomes unable or unwilling to accept nomination or election, either the size of the Board will be reduced or the individuals acting under your proxy will vote for the election of a substitute nominee recommended by the Board.

 THE BOARD UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE **FOR** THE ELECTION OF EACH OF THE DIRECTOR NOMINEES.

Summary of Director Qualifications and Experience

We recognize the importance of diversity on our Board. Pursuant to our Diversity and Inclusion Policy and the Nominating and Governance Committee Charter, we view diversity broadly to include diversity of backgrounds, skills and viewpoints as well as traditional diversity concepts such as race, gender, national origin, religion or sexual orientation or identity. The Board believes that all directors should have sound business judgment, personal and professional integrity, an ability to work as part of a team, willingness to commit the required time to serve as a Board member, business experience, and financial literacy. The Nominating & Governance Committee considers diversity along with other factors when seeking an initial pool of qualified candidates for director nominees, and accordingly, our Diversity and Inclusion Policy requires that each initial pool of candidates to be considered to fill a vacancy on the Board shall include at least one individual who is considered diverse based on the traditional diversity concepts described therein.

CORPORATE GOVERNANCE

Corporate Governance Guidelines

Antero's sound governance practices and policies provide an important framework to assist the Board in fulfilling its duties to stockholders. The Corporate Governance Guidelines include provisions concerning the following:

- qualifications, independence, responsibilities, tenure, and compensation of directors;
- background (including skills, experience and viewpoint) and diversity (including race, gender, national origin, religion and sexual orientation or identity) of directors, pursuant to Antero's Diversity and Inclusion Policy;
- service on other boards;
- director resignation process;
- role of the Chairman of the Board and the Lead Director;
- meetings of the Board and of the independent directors;
- interaction between the Board and outside parties;
- annual performance reviews of the Board;
- director orientation and continuing education;
- attendance at meetings of the Board and the Annual Meeting;
- stockholder communications with directors;
- committee functions, committee charters, and independence;
- director access to independent advisors and management; and
- management evaluation and succession planning.

The Corporate Governance Guidelines are available on Antero's website at www.anteroresources.com in the "Governance" subsection of the "Investors" section. The Nominating & Governance Committee reviews the Corporate Governance Guidelines periodically and as necessary, and any proposed additions or amendments are presented to the Board for its approval.

Director Independence

Rather than adopting categorical standards, the Board assesses director independence on a case-by-case basis, in each case consistent with applicable legal requirements and the listing standards of the New York Stock Exchange (NYSE). After reviewing all relationships each director has with Antero, including the nature and extent of any business relationships, as well as any significant charitable contributions made to organizations where directors serve as board members or executive officers, the Board has affirmatively determined that none of the directors have material relationships with Antero and all of them are independent as defined by NYSE listing standards except Mr. Rady, Antero's Chief Executive Officer and President.

Directors are Independent

Board Leadership Structure

Antero does not have a formal policy addressing whether the roles of Chairman of the Board and Chief Executive Officer should be separate or combined. The directors serving on the Board have considerable professional and industry experience, significant experience as directors of both public and private companies, and a unique understanding of the challenges and opportunities Antero faces. Accordingly, the Board believes it is in the best position to evaluate Antero's needs and to determine how best to organize its leadership structure to meet those needs at any given time.

At present, the Board has chosen to combine the positions of Chairman and Chief Executive Officer. The Board believes the current Chief Executive Officer is the individual with the necessary experience, commitment, and support of the other members of the Board to effectively carry out the role of Chairman. Mr. Rady brings valuable insight to the Board due to the perspective and experience he has gained as our Chief Executive Officer and as one of our founders. As the principal executive officer since our inception, Mr. Rady has unparalleled knowledge of our business and operations. As a significant stockholder, Mr. Rady is invested in our long-term success. In addition, the Board believes that combining the roles of Chairman and Chief Executive Officer at the present time promotes strong alignment of strategic development and execution, effective implementation of strategic initiatives, and clear accountability for Antero's success. Because seven of the eight directors are independent under NYSE rules, the Board believes this leadership structure does not impede independent oversight of Antero.

The Nominating & Governance Committee reviews this leadership structure every year. The Board believes it is important to retain the flexibility to determine whether the roles of Chairman and Chief Executive Officer should be separated or combined.

Election of Lead Director

To facilitate candid discussion among Antero's directors, the non-management directors meet regularly in executive sessions.

The Corporate Governance Guidelines permit the Board, on the recommendation of the Nominating & Governance Committee, to choose a Lead Director to preside at these executive sessions. The Lead Directors responsibilities include:

How Director Nominees are Selected

Renominating incumbent directors

Before recommending to the Board that an existing director be nominated for reelection at the annual meeting of stockholders, the Nominating & Governance Committee will review and consider the director's:

- past Board and committee meeting attendance and performance;
- length of Board service;
- personal and professional integrity, including commitment to Antero's core values;
- relevant experience, skills, qualifications and contributions to the Board; and
- independence under applicable standards.

The Nominating & Governance Committee is responsible for assessing the appropriate balance of skills and characteristics required of Board members.

Appointing New Directors and Filling Vacancies

The Board believes that all directors should have sound business judgment, personal and professional integrity, an ability to work as part of a team, willingness to commit the required time to serve as a Board member, business experience, and financial literacy. The Nominating & Governance Committee considers diversity of background and experience along with other factors when reviewing director candidates.

For information regarding the experiences, qualifications, attributes, and skills of the current members of our Board, please see "Proxy Summary—Summary of Director Qualifications and Experience."

The Nominating & Governance Committee will treat informal recommendations for directors that are received from Antero's stockholders in the same manner as recommendations received from any other source. The Nominating & Governance Committee and the Board will also consider the benefits of all aspects of diversity, and will consider whether, and if so how, to identify new candidates for Board service and when identifying potential new Board members or filing a vacancy on the Board, commits to seeking out diverse candidates to the extent possible. Our Diversity and Inclusion Policy requires that each initial pool of candidates to be considered to fill a vacancy on the Board shall include at least one individual who is considered diverse based on the traditional diversity concepts described therein.

Board’s Role in Risk Oversight

In the normal course of its business, Antero is exposed to a variety of risks, including market risks relating to changes in commodity prices, interest rate risks, technical risks affecting Antero’s resource base, cybersecurity risks, political risks, and credit and investment risk. Our Board reviews risks that the Company faces in the short-, intermediate- and long-term timeframe in relation to our business on a regular basis. At least annually, our Board also receives updates from management regarding information security, cybersecurity and data security risks in connection with Antero’s Enterprise Risk Management program. The Board and each committee has distinct responsibilities for monitoring other risks, as shown below.

The Board of Directors

The Board oversees Antero’s strategic direction. To that end, the Board considers the potential rewards and risks of Antero’s business opportunities and challenges, and it monitors the development and management of risks that impact our strategic goals.

Audit Committee

The Audit Committee monitors the effectiveness of Antero’s systems of financial reporting, auditing and internal controls, as well as related legal and regulatory compliance and cybersecurity matters, including ESG disclosures in our quarterly and annual SEC reports, Antero’s privacy and cybersecurity risk exposures, as well as plans and activities to monitor and mitigate such risks.

Nominating & Governance Committee

The Nominating & Governance Committee oversees the management of risks associated with Board organization, membership and structure; succession planning for our directors and executive officers; and corporate governance.

Compensation Committee

The Compensation Committee oversees Antero’s compensation policies and practices.

Environmental, Social and Governance (ESG) Committee

The Environmental, Social and Governance (ESG) Committee provides guidance to the Board on, and oversees Antero’s risk management policies related to the environment, including with respect to climate change, Antero’s health and safety program, and social and political trends, issues and concerns applicable to Antero’s business activities and performance. The ESG Committee regularly receives reports from management on pertinent ESG risks or opportunities, including climate related topics.

Conflicts Committee

The Conflicts Committee assists the Board in investigating, reviewing and evaluating potential conflicts of interest, including those between Antero and Antero Midstream.

Board and Committee Self-Evaluations

The Board believes that a robust and constructive evaluation process is an essential component of Board effectiveness and good corporate governance. To that end, the Board, the Audit Committee, the Compensation Committee, the Nominating & Governance Committee and the ESG Committee each conduct an annual self-assessment to evaluate their performance, composition, and effectiveness, and to identify areas for improvement.

These evaluations take the form of wide-ranging and candid discussions. The Lead Director facilitates discussions evaluating the full Board, and the committee chairs facilitate discussions regarding their respective committees.

Majority Vote Director Resignation Policy

Directors are elected by a plurality of votes cast in an uncontested election. The Corporate Governance Guidelines require that an incumbent director who fails to receive more votes cast “for” than “withheld” must tender a resignation. The Nominating & Governance Committee will act on an expedited basis to determine whether to accept any such resignation, and will submit its recommendation for prompt consideration by the Board. The Board expects the director whose resignation is under consideration to abstain from participating in this decision. The Nominating & Governance Committee and the Board may consider any factors they deem relevant in deciding whether to accept a director’s resignation.

Meetings

The Board held 5 meetings in 2023. The outside directors held 4 executive sessions. No director attended fewer than 75% of the meetings of the Board and of the committees of the Board on which that director served during the respective time he or she served.

Directors are encouraged to attend the Annual Meetings of Stockholders. All of the members of the Board attended the 2023 Annual Meeting.

COMPENSATION OF DIRECTORS

General

Our non-employee directors are entitled to receive compensation consisting of retainers, fees and equity awards as described below. The Compensation Committee reviews non-employee director compensation periodically and recommends changes, if appropriate, to the Board for approval.

Our employee directors do not receive additional compensation for their services as directors. All compensation received from Antero as employees is disclosed in the Summary Compensation Table on page 54.

Annual Cash Retainers

Effective April 15, 2023, some of the annual retainers payable to non-employee directors of the Board were increased slightly, as indicated below. These modifications were made to ensure that our director compensation is competitive with that paid by our peers so that we can attract and retain qualified individuals to serve on our Board.

Recipient	Amount
Non-employee director	\$ 100,000 (previously \$80,000)
Lead Director	\$ 40,000 (previously \$25,000)
Audit Committee:	
Chairperson	\$ 24,000
Other members	\$ 10,000
Compensation Committee:	
Chairperson	\$ 20,000 (previously \$15,000)
Other members	\$ 7,500
Nominating & Governance and ESG Committees:	
Chairperson	\$ 15,000
Other members	\$ 7,500
Conflicts Committee:	
Chairperson	\$ 5,000
Other members	\$ 5,000

All retainers are paid in cash on a quarterly basis in arrears, but directors have the option to elect, on an annual basis, to receive all or a portion of their cash retainers in the form of shares of our common stock.

Equity-Based Compensation

In addition to cash compensation, our non-employee directors receive annual equity-based compensation consisting of fully-vested stock with an aggregate grant date value equal to \$215,000 (increased from \$200,000 in 2022), subject to the terms and conditions of the Antero Resources Corporation 2020 Long-Term Incentive Plan ("AR LTIP") and the agreements pursuant to which such awards are granted. These awards are granted in arrears on a quarterly basis, so each installment has a grant date fair value of approximately \$53,750. Prior to April 15, 2023, the annual equity-based compensation for non-employee directors had an aggregate grant date fair value of \$200,000, such that the first two installments paid to each director in 2023 had a grant date fair value of approximately \$50,000.

Fees

For 2023, the directors who are members of Board committees were eligible to receive a fee of \$1,500 for each committee meeting attended in excess of ten meetings for such committee per calendar year (up to a maximum of \$22,500 per committee). Directors are also reimbursed for reasonable expenses incurred to attend meetings and activities of the Board or its committees, and to attend and participate in general education and orientation programs for directors.

Stock Ownership Guidelines

Under our stock ownership guidelines, within five years of being elected or appointed to the Board, a non-employee director is required to own shares of our common stock with a fair market value equal to at least five times the amount of the annual cash retainer. These stock ownership guidelines are designed to align our directors' interests more closely with those of our stockholders. All of the directors who are subject to this requirement and who have been on the Board for at least five years are in compliance with the ownership guidelines. For information regarding stock ownership guidelines applicable to our executive officers, please see "Compensation Discussion and Analysis—Other Matters—Stock Ownership Guidelines."

ITEM TWO: RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board has selected KPMG LLP as Antero's independent registered public accounting firm for the year ending December 31, 2024. KPMG LLP has audited Antero's and its predecessor's financial statements since 2003. The Audit Committee annually evaluates the accounting firm's qualifications to continue to serve Antero. In evaluating the accounting firm, the Audit Committee considers the reputation of the firm and the local office, the industry experience of the engagement partner and the engagement team, and the experience of the engagement team with clients of similar size, scope and complexity as Antero. The Audit Committee is directly involved in the selection of the new engagement partner when rotation is required every five years in accordance with SEC rules. KPMG LLP completed the audit of Antero's annual consolidated financial statements for the year ended December 31, 2023, on February 14, 2024.

The Board is submitting the selection of KPMG LLP for ratification at the Annual Meeting. The submission of this matter for ratification by stockholders is not legally required, but the Board and the Audit Committee believe the ratification proposal provides an opportunity for stockholders to communicate their views about an important aspect of corporate governance. If our stockholders do not ratify the selection of KPMG LLP, the Audit Committee will reconsider, but will not be required to rescind, the selection of that firm as Antero's independent registered public accounting firm.

Representatives of KPMG LLP are expected to be present at the Annual Meeting. They will have the opportunity to make a statement, and are expected to be available to respond to appropriate questions.

The Audit Committee has the authority and responsibility to retain, evaluate and replace Antero's independent registered public accounting firm. Stockholder ratification of the appointment of KPMG LLP does not limit the authority of the Audit Committee to change Antero's independent registered public accounting firm at any time.

THE BOARD UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE **FOR** THE RATIFICATION OF THE SELECTION OF KPMG LLP AS ANTERO'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2024.

AUDIT MATTERS

The material in this report is not "soliciting material," is not deemed "filed" with the SEC, and is not to be incorporated by reference into any filing under the Securities Act of 1933, as amended (the "Securities Act") or the Securities Exchange Act of 1934, as amended (the "Exchange Act"), whether made before or after the date hereof and irrespective of any general incorporation language in such filing.

Audit Committee Report

Pursuant to its charter, the Audit Committee's principal functions include: (i) overseeing the accounting and financial reporting process of Antero and audits of Antero's financial statements (ii) the appointment, compensation, retention and oversight of the work of the independent auditors hired for the purpose of issuing an audit report or performing other audit, review or attest services for Antero; (iii) pre-approving audit or non-audit services proposed to be rendered by Antero's independent registered public accounting firm; (iv) annually reviewing the qualifications and independence of the independent registered public accounting firm's engagement partner and other senior personnel who are providing services to Antero; (v) overseeing Antero's internal auditor and reviewing the internal auditor's reports and annual internal audit plan; (vi) reviewing with management and the independent registered public accounting firm Antero's annual and quarterly financial statements, earnings press releases, and financial information and earnings guidance distributed publicly; (vii) approving or ratifying certain related party transactions as set forth in Antero's Related Persons Transactions Policy; (viii) reviewing with management Antero's major financial risk exposures; (ix) assisting the Board in monitoring compliance with legal and regulatory requirements relating to financial, accounting, auditing and related compliance matters; (x) preparing the report of the Audit Committee for inclusion in Antero's proxy statement; and (xi) annually reviewing and reassessing its performance and the adequacy of its charter.

While the Audit Committee has the responsibilities and powers set forth in its charter, and Antero's management and the independent registered public accounting firm are accountable to the Audit Committee, it is not the duty of the Audit Committee to plan or conduct audits or to determine that Antero's financial statements and disclosures are complete and accurate and in accordance with generally accepted accounting principles and applicable laws, rules and regulations.

In performing its oversight role, the Audit Committee has reviewed and discussed Antero's audited financial statements with management and the independent registered public accounting firm.

The Audit Committee also has discussed with the independent registered public accounting firm the matters required to be discussed by the applicable standards and regulations of the Public Company Accounting Oversight Board (the "PCAOB"). The Audit Committee has received the written disclosures and the written statement from the independent registered public accounting firm required by applicable requirements of the PCAOB regarding the independent accountant's communications with the Audit Committee concerning independence. The Audit Committee also has considered whether the provision of non-audit services by the independent registered public accounting firm to Antero is compatible with maintaining the firm's independence, and has discussed with the independent registered public accounting firm its independence.

Based on the reviews and discussions described in this Audit Committee Report, and subject to the limitations on the roles and responsibilities of the Audit Committee referred to herein and in its charter, the Audit Committee recommended to the Board that Antero's audited financial statements for the year ended December 31, 2023, be included in the Form 10-K, which was filed with the SEC on February 14, 2024.

The charter of the Audit Committee and its pre-approval policy require the Audit Committee to review and pre-approve the independent registered public accounting firm's fees for audit, audit-related, tax and other services. The Chairman of the Audit Committee has the authority to grant pre-approvals up to a certain limit, provided such approvals are within the pre-approval policy and are ratified by the Audit Committee at a subsequent meeting. For the year ended December 31, 2023, the Audit Committee approved all of the services described above.

ITEM THREE: ADVISORY VOTE ON EXECUTIVE COMPENSATION

Our policies are conceived with the intention of attracting and retaining highly qualified individuals capable of contributing to the creation of value for our stockholders. Our compensation program for 2023 was designed to be competitive with market practices and to align the interests of our Named Executive Officers with those of Antero and its stockholders.

Stockholders are urged to read the Compensation Discussion and Analysis section of this Proxy Statement, which discusses how our compensation design and practices reflect our compensation philosophy for calendar year 2023. The Compensation Committee and the Board believe that our compensation practices for 2023 were effective in implementing our guiding principles.

Pursuant to Section 14A of the Exchange Act, we are submitting this annual proposal to our stockholders for an advisory vote to approve the compensation of our Named Executive Officers. This proposal, commonly known as a “say-on-pay” proposal, gives stockholders the opportunity to express their views on the compensation of our Named Executive Officers for 2023. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers for 2023 and the principles, policies and practices described in this Proxy Statement. Accordingly, the following resolution is submitted for stockholder vote at the Annual Meeting:

“RESOLVED, that the stockholders of Antero Resources Corporation approve, on an advisory basis, the compensation of its named executive officers during 2023 as disclosed in the proxy statement for the 2024 Annual Meeting pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table and other related tables and disclosures.”

As this is an advisory vote, the result is not likely to affect previously granted compensation. The Compensation Committee will consider the outcome of the vote when evaluating our compensation practices going forward.

THE BOARD UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE **FOR** THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis provides details on the following matters:

- Our 2023 say-on-pay advisory vote;
- Our 2023 executive compensation program and the compensation awarded under that program;
- Material actions taken with respect to our 2024 executive compensation program; and
- Pertinent executive compensation policies.

2023 Named Executive Officers

The table below sets forth the name and principal position of each of our 2023 Named Executive Officers.

Name	Principal Position
Paul M. Rady	Chairman of the Board, Chief Executive Officer and President
Michael N. Kennedy	Chief Financial Officer and Senior Vice President—Finance
Yvette K. Schultz	Chief Compliance Officer, Senior Vice President—Legal, General Counsel and Corporate Secretary

2023 Say-on-Pay Advisory Vote

At the Company's 2023 annual meeting, our stockholders were asked to approve, on an advisory basis, the compensation of the Named Executive Officers. Advisory votes in favor of our executive compensation program were cast by approximately 52% of the shares of common stock counted as present and entitled to vote at such meeting. The Company will continue to hold annual Say-on-Pay advisory votes.

Historical Say on Pay Support

The Compensation Committee strives to ensure that our executive compensation program is aligned with the interests of our stockholders and adheres to our pay-for-performance philosophy. Historically, our executive compensation program has received very strong stockholder support (averaging over 97% approval in the five years prior to 2023). We were disappointed with the 52% stockholder support for our 2023 Say-on-Pay vote. During 2023, the Company engaged with its stockholders and sought to better understand their views and address their concerns.

Stockholder Engagement Efforts in 2023

We reached out to stockholders representing:

>45%

of our outstanding stock

We engaged with stockholders representing:

>40%

of our outstanding stock

Our Chief Financial Officer participated in meetings with:

100%

of the stockholders we engaged with

Our management team undertook an extensive stockholder engagement effort in 2023, with a specific focus on getting feedback on our executive compensation program as well as board diversity. As part of our stockholder outreach, we contacted our top 25 stockholders, representing over 45% of our total shares outstanding, and engaged with stockholders representing nearly 40% of our total shares outstanding. By reaching out to stockholders representing approximately 45% of total shares outstanding rather than a smaller pool of stockholders, we were able to solicit input from a wide range of stockholders with different interests and perspectives. We believe that discussions with a broad range of our stockholders helps ensure that the Board and our management team understands our stockholders' priorities and can work to address those priorities effectively.

Meetings with our stockholders occurred prior to and following our 2023 Annual Meeting of Stockholders.

Our Chief Financial Officer participated in all of these stockholder outreach meetings, and the Chairman of our Compensation Committee also participated in certain of these stockholder outreach meetings. The Board, Compensation Committee and management team take our stockholders' concerns seriously and are committed to listening and incorporating changes to our compensation program when warranted.

We asked for and received meaningful stockholder feedback on specific elements of our executive compensation program. As can be seen below, the stockholders we spoke with almost universally indicated that they were supportive of our executive compensation program but in the future would prefer not to see the Company grant long-term incentive awards outside of the normal annual grant cycle, which the Company did in 2022 to correct a misalignment between pay and performance that had accumulated over the immediately preceding three years.

Compensation Committee Responsiveness to Say-on-Pay Vote and Stockholder Feedback

The Compensation Committee and the Board value performance-based compensation and strive for our executive compensation program to align with Company performance initiatives. In October 2022, after working with management and our independent compensation consultant to complete an evaluation of the performance and equity compensation granted by the Company over the prior three years compared to its peers (the "Evaluation"), the Compensation Committee granted additional long-term incentive awards to our Named Executive Officers as a correction of a misalignment between pay and performance. One of the key factors driving the Compensation Committee's decision was the Company's reduction in long term debt by approximately \$2.6 billion since December 31, 2019, largely in part due to the work of our Named Executive Officers.

The Compensation Committee shares our stockholders' goals of delivering compensation that is consistent with market and aligned with Company performance, and it approached the decision to make the October 2022 grants to the Named Executive Officers with great thoughtfulness, care and contemplation. Long-term incentive awards represent a substantial portion of compensation for our Named Executive Officers. Following the Evaluation, the Compensation Committee felt that our long-term incentive awards had failed to provide market compensation to our Named Executive Officers for the prior three fiscal years given our extraordinary performance over that period. As a result, the Compensation Committee had concerns about the retention of our management team and the effectiveness of the executive compensation program as a motivational tool going forward. After significant thought and deliberation, the Compensation Committee and the Board felt that the Company's executive compensation program was inadequate during the prior three fiscal years and that the grant of additional long-term incentive awards comprised 50% of restricted stock units and 50% of performance share units was appropriate to ensure the program was realigned with market while simultaneously encouraging management retention and Company performance going forward. These restricted stock units vest on the first three anniversaries of October 15, 2022, contingent upon continued service through each such vesting date. The number of performance share units granted in October of 2022 that become earned, if any, are contingent upon Company achievement of performance goals relating to absolute TSR (as defined below) and the ratio of Net Debt to EBITDAX (each as defined below) over performance periods ranging from January 1, 2023 to December 31, 2025.

The Company received the following feedback from our stockholders:

Compensation Element and Description	Shareholder Reaction	Stockholder Feedback and Board Response
OVERALL COMPENSATION PROGRAM		
Provide executives with a competitive mix of fixed, time-based and performance-based compensation.	Positive	Stockholders are largely supportive of our executive compensation program and, therefore, the Compensation Committee has not made large changes to our historical program.
ANNUAL INCENTIVE AWARDS		
Encourage short-term financial and operational performance that is aligned with our business strategy and will lead to long-term stockholder value.	Positive	Stockholders largely supported our 2022 annual incentive plan, particularly the addition of a total debt metric and a slight decrease in the weighting of each of Net Debt/EBITDAX and Cash Costs to make room for the new metric. Stockholders generally did not object to the Compensation Committee's use of discretion with regard to the 2022 annual incentive plan.
LONG-TERM INCENTIVE PROGRAM		
Our performance share units encourage performance that delivers value to, and direct alignment with, stockholders through stock price appreciation and minimizing debt relative to cash flow. Restricted stock units provide an additional retention mechanism.		
On-cycle annual performance share units and restricted stock units	Positive	Stockholders supported our use of Net Debt to EBITDAX multiple and total shareholder return as the performance metrics for our performance share units, as both metrics are in line with shareholder interests.
Special 2022 restricted stock units and performance share units	Negative	Stockholders that we spoke with who voted not to approve the 2022 compensation of our Named Executive Officers cited this as their primary concern. Off-cycle long-term incentive awards were not granted to our Named Executive Officers in 2023.

The Compensation Committee considered the feedback received from our stockholders during the stockholder outreach conducted in 2023. After extensive conversations, the Compensation Committee elected not to make sweeping changes to our executive compensation program mid-year for the 2023 Fiscal Year or to change the pillars of our executive compensation program for the 2024 fiscal year because it became apparent after considering the Company's historic Say-on-Pay votes and stockholder feedback received during 2023 that stockholders largely support our executive compensation program, with the exception of the decision to issue additional long-term incentive awards to management in October of 2022 to correct a misalignment between pay and performance. The Compensation Committee and the Board did not make any off-cycle grants to our Named Executive Officers in 2023.

As discussed in more detail in Proposal Three above, the Board has recommended that stockholders vote, on a non-binding advisory basis, to approve the compensation paid to our Named Executive Officers during the 2023 Fiscal Year, as described more fully below.

How to Communicate with our Board

We welcome and value feedback from our stockholders. You may communicate with our Board, our Compensation Committee or an individual director by letter, email or telephone, directed in care of the Company's Chief Compliance Officer, Senior Vice President-Legal, General Counsel and Corporate Secretary, who will review and forward each communication, as soon as reasonably practicable, to the addressee(s) if the communication falls within the scope of matters generally considered by the Board or the Compensation Committee, as appropriate. Compensation Philosophy and Objectives of Our Compensation Program

Since our inception, our compensation philosophy has been predominantly focused on recruiting individuals who are motivated to help us achieve superior performance and growth. Our company was founded by entrepreneurs whose strategy was to employ high-impact executives who are extremely effective at sparking superior performance with low overhead. These highly qualified and experienced individuals have contributed to the continued success of our Company. As a result of certain of our Named Executive Officers being founders of the Company and our historical emphasis on long-term equity-based compensation, as of April 15, 2024, our Named Executive Officers hold approximately 5.4% of our outstanding shares, which ensures they identify with the best interests of our stockholders.

We seek to attract, retain, and motivate exceptional executive talent by providing our executives with a competitive mix of fixed, time-based and performance-based compensation. Our performance-based compensation program focuses on motivating returns and value creation per share, disciplined capital investment, efficient operations, and generation of distributable cash flow. We believe our compensation philosophy and practices for 2023 promote a strong alignment between Named Executive Officer pay and Company performance.

Compensation Best Practices

Our Compensation Committee is committed to maintaining compensation best practices and employing methods that motivate our executives create long-term value while minimizing risk to investors. The following table highlights the compensation best practices we followed during 2023 with respect to our Named Executive Officers:

What We Do
✓ Use a representative and relevant peer group
✓ Target reasonable compensation levels relative to peers with a focus on performance-based, at-risk components
✓ Enforce robust minimum stock ownership guidelines
✓ Evaluate the risk of our compensation programs
✓ Include performance based long-term incentives
✓ Use and review compensation tally sheets
✓ Engage an independent compensation consultant
✓ Maintain a clawback policy

What We Don't Do
✗ No tax gross ups for executive officers
✗ No excessive perquisites
✗ No severance plans or agreements for Named Executive Officers
✗ No guaranteed bonuses for Named Executive Officers
✗ No management contracts
✗ No granting stock options with an exercise price less than the fair market value of the Company's common stock on the date of grant outside of transactional context (e.g., substitution of pre-existing target company awards for Company awards in an acquisition)
✗ No reduction of the exercise price of an outstanding stock option without stockholder approval outside of transactional context (e.g., substitution of pre-existing target company awards for Company awards in an acquisition)
✗ No hedging or pledging of Company stock
✗ No separate benefit plans for Named Executive Officers

Implementing Our Compensation Program Objectives

Role of the Compensation Committee

The Compensation Committee oversees all elements of our executive compensation program and has the final decision-making authority on all executive compensation matters. Each year, the Compensation Committee reviews, modifies (if necessary), and approves our peer group, the goals and objectives relevant to the compensation of all Named Executive Officers, as well as the executive compensation program as a whole, including performance goals for the annual cash incentive program, if applicable, and long-term equity awards. In addition, the Compensation Committee is responsible for reviewing the performance of the Chief Executive Officer and the Company's Chief Financial Officer within the framework of our executive compensation goals and objectives. The Compensation Committee also evaluates the performance of the other Named Executive Officer in consultation with our Chief Executive Officer and Chief Financial Officer. These evaluations are taken into account when setting the compensation for our Named Executive Officers.

Actual compensation decisions for individual officers are the result of a subjective analysis of a number of factors, including the individual officer's role within our organization, performance, experience, skills or tenure with us, changes to the individual's position, and relevant trends in compensation practices.

The Compensation Committee also considers a Named Executive Officer's current and prior aggregate compensation when setting future compensation. The Compensation Committee determines whether adjustments to compensation are necessary to adopt emerging best practices, reflect Company performance, retain each executive or provide additional or different performance incentives. Thus, the Compensation Committee's decisions regarding compensation are the result of the exercise of judgment based on all reasonably available information.

Role of the Antero Midstream Compensation Committee and Allocation of Compensation Expenses

Our Named Executive Officers provide services to us and to Antero Midstream. In 2023, the Compensation Committee and the Antero Midstream Compensation Committee (the "AM Compensation Committee") each separately discussed its Named Executive Officers' aggregate total cash compensation and then approved an aggregate total 2023 base salary and 2023 target bonus for services our Named Executive Officers provide to both Antero and Antero Midstream. Cash compensation included base salary and annual cash incentives in 2023. We pay all elements of cash compensation to, and provide all benefits for, our Named Executive Officers. Antero Midstream reimburses us for a portion of base salaries paid to our Named Executive Officers based on the percentage of all non-compensation general and administrative expenses attributable to each company and calculated quarterly on gross property and equipment, capital expenditure and labor costs, the last of which is calculated based on an estimate of how much time our employees spend providing services to Antero Midstream, in the aggregate, during each quarter (the "Reimbursement Percentage"). Antero Midstream reimbursed us for a portion of our Named Executive Officer's base salary that equaled 25.5% in 2023 (the "2023 NEO AM Reimbursement Percentage"). The Compensation Committee and the AM Compensation Committee established its own performance metrics for its annual cash incentive program, and Antero Midstream reimbursed us for all amounts paid pursuant to Antero Midstream's annual cash incentive program.

Antero Midstream reimburses us for the portion of the cost of all health and welfare benefits, employer 401(k) contributions, and the limited perquisites we provide to our Named Executive Officers that are attributable to services provided to Antero Midstream. This amount is calculated as the product of the total cost of such benefits and the 2023 NEO AM Reimbursement Percentage.

The Compensation Committee established the value of the long-term incentive awards that we granted to our Named Executive Officers at a level compared to similarly situated executives in the peer group, reviewing the Company's performance and

in consultation with the Company's independent compensation consultant. The Compensation Committee believes the value granted will motivate and reward longer-term strategy development and execution by the Company. The value of long-term incentive awards was established independently and not in coordination with Antero Midstream.

Consistent with the allocation of compensation expense for our Named Executive Officers described above, unless otherwise indicated, the information included in this Compensation Discussion and Analysis, as well as the tables that follow, only pertains to the compensation paid by us for services our Named Executive Officers provided to us in 2023. For information regarding compensation paid to our Named Executive Officers for services provided to Antero Midstream in 2023, please see the Proxy Statement filed by Antero Midstream on April 25, 2024.

Role of Management

The Chief Executive Officer, together with our Chief Financial Officer, typically provide recommendations to the Compensation Committee regarding the compensation levels for the other Named Executive Officer and for our executive compensation program as a whole. In making their recommendations, the Chief Executive Officer and the Chief Financial Officer, as applicable, consider the Named Executive Officer's performance during the year, the Company's performance during the year, compensation levels of similarly situated executives of companies with which we compete for executive talent, and independent oil and gas company compensation surveys. The Compensation Committee considers these recommendations when reviewing the performance of, and setting compensation for, the other executive officers.

Role of External Advisors

The Compensation Committee has the authority to retain an independent executive compensation consultant. For 2023, the Compensation Committee retained NFPCC. In compliance with the SEC and NYSE disclosure requirements, the Compensation Committee reviewed the independence of NFPCC under six independence factors. After its review, the Compensation Committee determined that NFPCC was independent.

In 2023, NFPCC:

- Collected and reviewed all relevant Company information, including our historical compensation data and our organizational structure;
- With input from management, assisted the Compensation Committee in its evaluation of the peer group of companies to use for executive compensation comparisons and made recommendations regarding modifications;
- Assessed our compensation program's position relative to market for our directors, Named Executive Officers and other officers and relative to our stated compensation philosophy;
- Prepared a report of its analysis, findings and recommendations for our executive and director compensation programs; and
- Completed other ad hoc assignments, such as helping with the design of incentive arrangements.

NFPCC's reports were provided to the Compensation Committee and also used by Messrs. Rady and Kennedy in making their recommendations to the Compensation Committee.

Competitive Peer Analysis

When assessing the soundness of our compensation programs, the Compensation Committee compares the pay practices for our Named Executive Officers against the pay practices of other companies. This process recognizes our philosophy that our compensation practices should be competitive, though marketplace information is only one of the many factors we consider.

Messrs. Rady and Kennedy and the Compensation Committee used market compensation data provided by NFPC to assess the total compensation levels of our Named Executive Officers relative to market. Market data is developed by comparing each executive officer's compensation with that of similarly situated officers of companies in our Peer Group (described below) and of oil and gas companies in general. In determining whether an officer is similarly situated, we consider the specific responsibilities assumed by our executives and executives at other organizations, and give greater weight to Peer Group data if a position appears comparable to the position of one of our Named Executive Officers. Otherwise, we supplement Peer Group data with industry data from the 2023 Oil and Gas E&P Industry Compensation Survey prepared by Effective Compensation, Incorporated.

Peer Group

NFPC recommended and, after evaluation and discussion the Compensation Committee, approved a peer group for use in determining compensation for 2023 of onshore publicly traded oil and gas companies that are reasonably similar to us in terms of size and operations. We believe these companies are properly aligned across financial metrics such as revenue, market capitalization, and enterprise value, complexity and geography of operations. The 2023 peer group is unchanged from 2022 except that CNX Resources Corporation was removed because its revenue, market capitalization, enterprise value and asset value were all substantially below those of the Company. We added Marathon Oil Corporation because its revenue, market capitalization, enterprise value, and asset value were in line with our peers. We refer to the following ten companies as the "Peer Group":

2023 APPROVED PEER GROUP

Company	Ticker
APA Corp.	APA
Coterra Energy Inc.	CTRA
Continental Resources, Inc. ⁽¹⁾	CLR
Devon Energy Corporation	DVN
Diamondback Energy Inc.	FANG
EQT Corporation	EQT
Marathon Oil Corporation	MRO
Ovintiv Inc.	OVV
Range Resources Corporation	RRC
Southwestern Energy Company	SWN

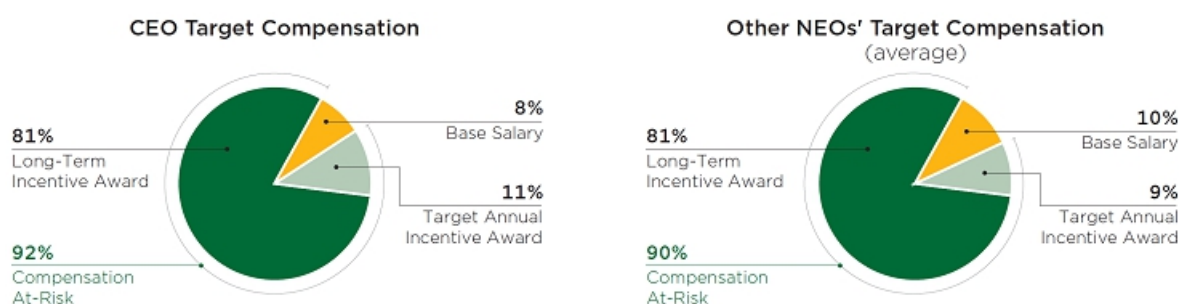

(1) Continental Resources, Inc. was taken private in November of 2022, months after filing its 2022 annual report. Compensation data from the 2022 annual report for Continental Resources, Inc. (along with the same data from the other members of the peer group) was considered by the Compensation Committee when making 2023 compensation decisions in early 2023.

Elements of Direct Compensation

Our Named Executive Officers' compensation for 2023 included the key components described below.

Pay Component	Form of Pay	How Amount is Determined	Objective
Base salary	Cash	Market-competitive amount that reflects the executive's relative skills, responsibilities, experience and contributions	Provide a minimum, fixed level of cash compensation
Annual incentive awards	Cash	Operational strategy execution, Net Debt/EBITDAX, Total Net Debt, Cash Costs, and ESG	Encourage short-term financial and operational performance that is aligned with our business strategy and will lead to long-term stockholder value
Long-term incentive awards	Performance share units	Three-year absolute total stockholder return	Encourage performance that delivers value to, and direct alignment with, stockholders through stock price appreciation
		Three-year Net Debt to EBITDAX multiple	Encourage minimizing debt relative to cash flow
	Restricted stock units	33% vests on each of the first three anniversaries of grant	Provide an additional retention mechanism

With respect to the compensation attributable to services provided to us by our Named Executive Officers, the components of our Named Executive Officers' compensation for 2023, calculated based on amounts reported for 2023 in the Summary Compensation Table below, except that target annual incentive levels are used rather than actual 2023 annual incentive award levels, were distributed as follows:

Base Salaries

Base salaries are designed to provide a minimum, fixed level of cash compensation for services rendered during the year. In addition to providing a base salary that is competitive with salaries paid by other independent oil and gas exploration and production companies, the Compensation Committee also considers whether our pay levels appropriately align each Named Executive Officer's base salary level relative to the base salary levels of our other officers. Our objective is to have base salaries that accurately reflect each officer's relative skills, experience and contributions to the Company. To that end, annual base salary adjustments are based on a subjective analysis of many individual factors, including:

- the responsibilities of the officer;
- the period over which the officer has performed those responsibilities;
- the scope of, and level of expertise and experience required for, the officer's position;

- the strategic impact of the officer's position;
- the rate of inflation; and
- the potential future contribution and demonstrated individual performance of the officer.

In addition to the individual factors listed above, the Compensation Committee considers our overall business performance and implementation of Company objectives when determining annual base salaries. While these metrics generally provide context for making salary decisions, base salary decisions do not depend on attainment of specific goals or performance levels, and no specific weighting is given to one factor over another.

Base salaries are reviewed annually, but are not increased if the Compensation Committee believes that (1) our executives are currently compensated at proper levels in light of Company performance or external market factors, or (2) an increase or addition to other elements of compensation would be more appropriate in light of our stated objectives.

In March of 2023, the Compensation Committee approved a 10% increase of aggregate base salary levels for services provided both to us and Antero Midstream to each of the Named Executive Officers as compared to 2022 aggregate base salary levels, after considering substantial inflation levels and the 2023 increases in pay being approved by companies with which we compete for executive talent.

The table below reflects the portion of the base salary allocated to the Company in 2023 for each Named Executive Officer. For additional information, see "Implementing Our Compensation Program Objectives—Role of the Antero Midstream Compensation Committee and Allocation of Compensation Expenses" above.

Executive Officer	2023 Allocated Base Salary ⁽¹⁾
Paul M. Rady	\$ 1,065,350
Michael N. Kennedy	\$ 540,870
Yvette K. Schultz	\$ 389,263

(1) The amount of base salary allocated to the Company changes from year to year based on the NEO AM Reimbursement Percentage for that year. As a result, increases or decreases in the amount of base salary allocated to the Company may not indicate an increase or decrease in the executive's aggregate base salary. The increase in aggregate base salary paid to the Named Executive Officers for services provided to both the Company and Antero Midstream that was approved by both the Compensation Committee and the AM Compensation Committee was 10% for each Named Executive Officer for 2023.

Annual Cash Incentive Awards

Purpose and Operation

Annual cash incentive payments, which we also refer to as cash bonuses, are a key component of each Named Executive Officer's annual compensation package. The Compensation Committee adopted bonus targets for each of the Named Executive Officers, expressed as a percentage of base salary. The bonus target percentages for our Named Executive Officers for 2023 were unchanged from 2022 and were as follows:

Executive Officer	Target Bonus (as a % of base salary)
Paul M. Rady	130%
Michael N. Kennedy	100%
Yvette K. Schultz	85%

2023 Performance Metrics

The maximum payout opportunity under the annual incentive program is 200% of the Named Executive Officer's target bonus.

In April 2023, the Compensation Committee approved an annual incentive plan for the 2023 fiscal year. The 2023 annual incentive plan mirrors the 2022 annual incentive plan which has a significant focus on operational performance and debt reduction. This structure is intended to provide payout levels that are consistent with our stockholders' investment objectives, while remaining competitive with companies with which we compete for executive talent.

In April of 2023 the Compensation Committee selected the following metrics, weightings and performance levels for the 2023 annual cash incentive program.

Selected Metrics	Weighting	Threshold Performance (50%)	Target Performance (100%)	Maximum (200%)	Performance Score (% of Target)	Weighted Score
Operational Strategy Execution						
Meeting Budgeted D&C Capital (\$ Millions)	25%	\$(974)	Actual \$(909) Target \$(924)	\$(874)	130.1%	32.5%
Meeting Budgeted Production Volumes (MMcfe/d)	25%	3,233	Actual 3,392 Target 3,283	3,333	200%	50.0%
Net Debt/EBITDAX	12.5%	1.75x	Actual 1.4x Target 1.25x	0.75x	87.8%	11.0%
Total Net Debt (\$ Millions)	12.5%	1,350	Actual \$1,538 Target 1,200	1,050	0%	0%
Cash Costs (\$ Millions)	10%	\$2.93	Actual \$2.56 Target \$2.66	\$2.39	138.9%	13.9%
ESG	15%	Qualitative Assessment			200.0%	30.0%
					Preliminary Total	137.4%
					Discretionary Decrease	(17.4)%
					Total	120%

Metric	Definition	Rationale
D&C Capital	Drilling and Completion (“D&C”) capital represents the accrued drilling and completion capital for 2023, as presented in the 4th quarter of 2023, the full year earnings press release furnished as exhibit 99.1 to the Form 8-K filed with the SEC on February 14, 2024, and our Form 10-K for the fiscal year ended December 31, 2023 filed with the SEC on February 14, 2024.	Managing capital motivates our Named Executive Officers to operate within acceptable budgetary guidelines.
Production Volumes	Average net production volumes on an equivalent basis (MMcfe/d), as presented in the full year earnings press release furnished as exhibit 99.1 to the Form 8-K filed with the SEC on February 14, 2024 and our Form 10-K for the fiscal year ended December 31, 2023 filed with the SEC on February 14, 2024. Assumes no adjustments related to royalty adjustments for uneconomic natural gas liquids (“NGLs”).	Production volumes are critical to our profitability. Measuring these volumes motivates our Named Executive Officers to grow our business responsibly.
Net Debt/EBITDAX	Year-end 2023 Net Debt divided by 2023 full-year Adjusted EBITDAX, each as presented in the full year earnings press release furnished as exhibit 99.1 to the Form 8-K filed with the SEC on February 14, 2024.	Managing the balance sheet leverage is essential for growing our business efficiently. Net Debt/EBITDAX is a key debt coverage ratio that our Compensation Committee believes motivates management to minimize debt relative to cash flow.
Total Net Debt	Year-end total debt as presented in the full year earnings press release furnished as exhibit 99.1 to the Form 8-K filed with the SEC on February 14, 2024.	Managing absolute levels of total debt incentivizes management to protect the balance sheet through cyclical commodity price environments that could result in material changes in the cash flow of the business.
Cash Costs	Includes lease operating expense, gathering, compression, processing, transportation, production and ad valorem taxes, net marketing expense and general and administrative costs (excluding equity-based compensation).	Controlling cash costs motivates our Named Executive Officers to operate in a disciplined and efficient manner.
ESG	The Compensation Committee of our Board considered ESG matters in this assessment, which included non-financial performance related to our safety record, reductions in greenhouse gas emissions, and the safety of our work environment and strong environmental record.	These functions are critical to the success of the business and the execution of our overall strategy. Our people are motivated to work in a safe environment that shows progress toward sustainability.

2023 Annual Incentive Program Payouts

When determining the performance score for the ESG metric the Compensation Committee considered the Company's internal ESG scorecard which highlighted specific achievements in the areas of environmental performance, social and safety factors, and social governance, including the following:

- Ranked #2 Oil & Gas Company in Rystad Energy AS's 2023 ESG Scorecard Report (#1 Environmental Company);
- Upgraded to an "AA" from "A" by MSCI Inc.'s ESG ratings;
- Significantly reduced the number of recordable injuries from 9 in 2022 to 4 in 2023; and
- Zero employee fatalities for the 6th consecutive year.

The Compensation Committee determined that, in order to better align the 2023 Annual Incentive Program payouts with the interests of shareholders, those payouts should be reduced to 120% of target.

The 2023 annual cash bonus amounts reported below reflect the portion of the annual cash bonus for each Named Executive Officer allocated to the Company. For additional information, see "Implementing Our Compensation Program Objectives—Role of the Antero Midstream Compensation Committee and Allocation of Compensation Expenses" above.

Executive Officer	Preliminary Percentage of 2023 Target Bonus to be Paid for 2023 Performance	Preliminary Allocated 2023 Annual Cash Bonus Payments ⁽¹⁾	Final Percentage of 2023 Target Bonus to be Paid for 2023 Performance	Final Allocated 2023 Annual Cash Bonus Payments ⁽¹⁾
Paul M. Rady	137.4%	\$ 1,902,928	120%	\$ 1,661,946
Michael N. Kennedy	137.4%	\$ 743,155	120%	\$ 649,044
Yvette K. Schultz	137.4%	\$ 454,620	120%	\$ 397,048

(1) The amounts in this column are reported in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table, below.

Long-Term Incentive Awards

Annual Long-Term Incentive Awards Granted in 2023

Each of the Named Executive Officers received a grant comprised 50% of restricted stock units and 50% of performance share units in March of 2023 pursuant to the AR LTIP. The Compensation Committee grants RSUs as a retention tool and in order to align the interests of our Named Executive Officers with the interests of our stockholders and grants PSUs to incent management to make sound capital investment decisions that align with shareholder value creation. The restricted stock units, or "RSUs," granted to the Named Executive Officers in 2023 vest ratably on the first three anniversaries of the date of grant, subject to continued service. One-half of the performance share units, or "PSUs," granted to our Named Executive Officers in 2023 will vest based on absolute total stockholder return, or "TSR," while the other half will vest based on our Net Debt to EBITDAX multiple. The Compensation Committee selected absolute TSR because it provides a rigorous framework that rewards the Named Executive Officers for improving absolute stock price, and because it directly aligns the incentive for our Named Executive Officers to our investors' experience. The Compensation Committee selected Net Debt to EBITDAX multiple because managing balance sheet leverage is essential for growing our business efficiently and this metric is a key debt coverage measurement that the Compensation Committee believes will motivate management to minimize debt relative to cash flow.

Absolute TSR PSUs

The absolute TSR PSUs granted in March of 2023 have four performance periods. One quarter of the target amount of PSUs may be earned based on performance for each of the following performance periods: March 7, 2023 to March 7, 2024; March 7, 2024 through March 7, 2025; March 7, 2025 to March 7, 2026; and March 7, 2023 to March 7, 2026.

The payouts for the absolute April TSR PSUs are determined as follows:

Performance Level	Absolute TSR	Percentage of Eligible Target Amount Earned for Each Performance Period %	Percentage of Target PSUs Earned for Each Performance Period
Floor	0	0%	0%
Target	10%	100%	25%
Maximum	20%	200%	50%

"Absolute TSR" for purposes of these PSUs is measured by reference to the Company's 20-day average volume-weighted closing price per share of stock for the first twenty trading days of the applicable performance period and the Company's 20-day average volume-weighted closing price per share of stock for the last twenty trading days of the applicable performance period. If the Company's absolute TSR falls between the floor and target amounts or the target and maximum amounts, then the percentage of the target amount of PSUs that are earned for the relevant performance period will be determined using linear interpolation between the relevant performance levels.

Net Debt to EBITDAX PSUs

The Net Debt to EBITDAX multiple PSUs granted in March of 2023 have three performance periods. One third of the target amount of PSUs may be earned based on performance during each of the following performance periods: January 1, 2023 to December 31, 2023; January 1, 2024 through December 31, 2024; and January 1, 2025 to December 31, 2025.

The payouts for the Net Debt to EBITDAX PSUs are determined as follows:

Level	Net Debt to EBITDAX Multiple	Percentage of Eligible Target Amount Earned for Each Performance Period*	Percentage of Target Amount of PSUs Earned For Each Performance Period*
Floor	> 2.5x	0%	0%
Target	2.0x	100%	33.33%
Maximum	1.5x	200%	66.66%

For definitions regarding "Net Debt" and "EBITDAX" as used in the 2023 Net Debt to EBITDAX multiple PSUs, please see "Annual Cash Incentive Awards –2023 Performance Metrics" above. If the Company's Net Debt to EBITDAX multiple falls between the floor and target amounts or the target and maximum amounts, then the percentage of the target amount of PSUs that are earned for the relevant performance period will be determined using linear interpolation between the relevant performance levels.

Target Value of Long-Term Incentive Awards

The table below shows the values approved by the Compensation Committee for the annual long-term incentive awards granted to our Named Executive Officers in 2023. These values were established by the Compensation Committee after referencing the 25th, 50th, and 75th percentiles of the Peer Group. The percentiles are reference points only. We consider individual performance, the nature and responsibility of the Named Executive Officer's position, the impact, contribution and expertise of the Named Executive Officer, and the importance of retaining the individual along with the competitiveness of the market for the Named Executive Officer's talents and services.

Executive Officer	2023 Target Long-Term Incentive Value ⁽¹⁾
Paul M. Rady	\$ 10,000,000
Michael N. Kennedy	\$ 4,300,000
Yvette K. Schultz	\$ 2,625,000

(1) The amounts set forth in this column differ from the amounts set forth under the "Summary Compensation Table" and the "Grants of Plan-Based Awards for Fiscal Year 2023" below, as these amounts were set by the Compensation Committee and then divided by the closing price on the applicable date of grant to determine the number of restricted stock units and target performance share units to be granted. The amounts set forth under "Summary Compensation Table" and the "Grants of Plan-Based Awards for Fiscal Year 2023" below reflect the grant date fair value of the number of restricted stock units and target performance share units granted, as computed in accordance with FASB ASC Topic 718, resulting in a slightly higher value attributable to the grants under those tables.

The number of performance share units and restricted stock units granted to our Named Executive Officers in 2023 are described more fully under "Grants of Plan-Based Awards for Fiscal Year 2023" below.

Other Benefits

Health and Welfare Benefits

Our Named Executive Officers are eligible to participate in all of our employee health and welfare benefit arrangements on the same basis as other employees (subject to applicable law). These arrangements include medical, dental, vision and disability insurance, as well as health savings accounts.

We provide these benefits to ensure that we can competitively attract and retain officers and other employees. This is a fixed component of compensation, and these benefits are provided on a non-discriminatory basis to all employees.

Retirement Benefits

We maintain an employee retirement savings plan through which employees may save for retirement or future events on a tax-advantaged basis. Participation in the 401(k) plan is at the discretion of each individual employee, and our Named Executive Officers participate in the plan on the same basis as all other employees. The plan permits us to make discretionary matching and non-elective contributions.

During 2023, the Company matched 100% of the first 6% of eligible compensation that employees contributed to the plan. These matching contributions are immediately fully vested. Antero Midstream reimburses the Company for a portion of these matching contributions as a general and administrative expense.

Perquisites and Other Personal Benefits

We provide those very limited perquisites to our Named Executive Officers that are frequently provided by those companies with which we compete for executive talent in order to offer a competitive pay package. Perquisites do not play a significant role in our Named Executive Officers' total compensation. See the All Other Compensation column of the Summary Compensation Table, below, for additional information regarding the limited perquisites provided to our Named Executive Officers in 2023.

2024 Material Compensation Decisions

Base Salaries

In March 2024, after comparing base salary levels to those of similarly situated executives in the 2024 Peer Group, reviewing the Company's performance during 2023, and discussing the recommendations of Messrs. Rady and Kennedy and NFPCC, the Compensation Committee approved the following increases to base salary for the Named Executive Officers for 2024:

Executive Officer	2023 Allocated Base Salary ⁽¹⁾	2024 Allocated Base Salary ⁽¹⁾	Percentage Increase
Paul M. Rady	\$ 1,065,350	\$ 1,107,964	4%
Michael N. Kennedy	\$ 540,870	\$ 562,475	4%
Yvette K. Schultz	\$ 389,263	\$ 404,833	4%

(1) Allocated base salary included here is calculated based on the 2023 Reimbursement Percentage. The actual percentage of base salary allocated to the Company for 2024 will not be determinable until the 2024 Reimbursement Percentage is calculated following the end of 2024.

Annual Cash Incentive Awards

In April 2024, the Compensation Committee approved an annual incentive plan for the 2024 fiscal year. The 2024 annual incentive plan mirrors the 2023 annual incentive plan. We believe this structure motivates our Named Executive Officers to accomplish specific objectives that are important to our success and sustainable growth.

Long-Term Incentive Awards

Consistent with 2023, the Compensation Committee granted 50% performance-based long-term equity awards and 50% time-based equity awards to our Named Executive Officers in March 2024. These awards are subject to the terms and provisions of the 2020 AR LTIP and the award agreements pursuant to which they were granted.

Other Matters

No Employment, Severance or Change-in-Control Agreements

We do not maintain any employment, severance or change-in-control agreements with any of our Named Executive Officers.

As discussed below under "Potential Payments Upon a Termination or a Change in Control," our Named Executive Officers would be entitled to receive accelerated vesting of their performance share units, restricted stock units and cash retention awards (if applicable) that remain unvested upon their termination of employment with us under certain circumstances or upon the occurrence of certain corporate events.

Stock Ownership Guidelines

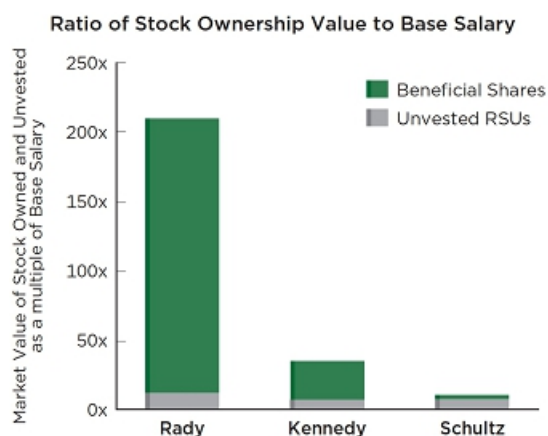

Under our stock ownership guidelines, our executive officers are required to own a minimum number of shares of our common stock within five years of becoming an executive officer. In particular, each of our executive officers is required to own shares of our common stock having an aggregate fair market value equal to at least a designated multiple of the executive officer's base salary. The guidelines for executive officers are set forth in the table below.

Officer Level	Ownership Guideline
Chief Executive Officer, President, and Chief Financial Officer	5x annual base salary
Vice President	3x annual base salary
Other Officers (if applicable)	3x annual base salary

Compliance with these guidelines is measured as of June 30 of each year. If an individual covered by the ownership guidelines satisfies the guidelines on a prior determination date, a subsequent decrease in our stock price will not cause that executive to be out of compliance on a later determination date. As of June 30, 2023, all of our Named Executive Officers and directors were in compliance with these guidelines or had time remaining before compliance was required. Consistent with our stock ownership guidelines, any noncompliance may be considered by the Compensation Committee when making future compensation or promotion decisions.

These stock ownership guidelines are designed to align our executive officers' interests more closely with those of our stockholders. The chart below shows the significant levels of stock ownership of our Named Executive Officers and the ratio of their ownership to their respective base salaries.

We believe the high level of ownership demonstrates significant alignment with our stockholders.

Shares directly and beneficially owned by our Named Executive Officers count towards satisfaction of our stock ownership guidelines. Vested and unvested stock options, unvested restricted stock units, and other conditional equity-based awards (including performance-based awards) do not count towards satisfaction of our stock ownership guidelines. However, for purposes of the chart above, unvested restricted stock units held by our Named Executive Officers are included. Values reported in the chart above are as of June 30, 2023, the measurement date for our stock ownership guidelines.

Tax and Accounting Treatment of Executive Compensation Decisions

Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Code”), generally imposes a \$1 million limit on the amount of compensation paid to “covered employees” (as defined in Section 162(m)) that a public corporation may deduct for federal income tax purposes in any year. The “Tax Cuts and Jobs Act,” enacted in 2017, repealed the performance-based compensation exception to the Section 162(m) deduction limitation for tax years beginning after December 31, 2017. In addition, the Tax Cuts and Jobs Act generally expanded the scope of who is considered a “covered employee.” With these changes, compensation paid to certain of our executives will be subject to the \$1 million per year deduction limitation imposed by Section 162(m). While we will continue to monitor our compensation programs in light of the deduction limitation imposed by Section 162(m), our Compensation Committee considers it important to retain the flexibility to design compensation programs that are in the best long-term interests of the Company and our stockholders. As a result, we have not adopted a policy requiring that all compensation be fully deductible. The Compensation Committee may conclude that paying compensation at levels in excess of the limits under Section 162(m) is in the best interests of the Company and our stockholders. The Company will not be able to deduct for federal income tax purposes a portion of the compensation paid to our Named Executive Officers in 2023.

Many other Code provisions and accounting rules affect the payment of executive compensation and are generally taken into consideration as our compensation arrangements are developed. Our goal is to create and maintain compensation arrangements that are efficient, effective and in full compliance with these requirements.

Risk Assessment

We have reviewed our compensation policies and practices to determine whether they create risks that are reasonably likely to have a material adverse effect on our Company. In connection with this risk assessment, we reviewed the design of our compensation and benefits program and related policies and determined that certain features of our programs and corporate governance generally help mitigate risk. Among the factors considered were the mix of cash and equity compensation, the balance between short- and long-term objectives of our incentive compensation, the degree to which programs provide for discretion to determine payout amounts, and our general governance structure.

Our Compensation Committee believes that evaluating overall business performance and implementing Company objectives assists in mitigating excessive risk-taking that could harm our value or reward poor judgment by our executives. Several features of our programs reflect sound risk-management practices.

- The Compensation Committee believes our overall compensation program provides a reasonable balance between short- and long-term objectives, which helps mitigate the risk of excessive risk-taking in the short-term.
- The metrics that determine ultimate value awarded under our incentive compensation programs are associated with total Company value. We do not believe these metrics create pressure to meet specific financial or individual performance goals.
- The mix of time- and performance-based equity awards and multi-year vesting of our equity awards discourages excessive risk-taking and undue focus on short-term gains that may not be sustainable.

Due to the foregoing program features, the Compensation Committee concluded that our compensation policies and practices for all employees, including our Named Executive Officers, are not reasonably likely to have a material adverse effect on the Company.

Tally Sheets

The Compensation Committee uses tally sheets as a reference point in reviewing and establishing our Named Executive Officers' compensation. The tally sheets provide a holistic view of all material elements of our Named Executive Officers' compensation, including base salary, annual cash incentive awards, long-term equity incentive awards and indirect compensation such as perquisites and retirement benefits. Tally sheets also demonstrate the amounts each executive could potentially receive under various termination and change in control scenarios, and include a summary of all shares beneficially owned.

Hedging and Pledging Prohibitions

Our Insider Trading Policy prohibits our Named Executive Officers from engaging in speculative transactions involving our common stock, including buying or selling puts or calls, short sales, purchasing securities on margin, or otherwise hedging the risk of ownership of such securities. The Insider Trading Policy also prohibits our Named Executive Officers from pledging shares of such securities as collateral.

Clawback Policy

Effective November 30, 2023, we adopted the Antero Resources Corporation Incentive Compensation Recovery Policy (the "Clawback Policy"). The Clawback Policy is intended to comply with the requirements of Section 10D of the Exchange Act and Section 303A.14 of the NYSE Listing Company Manual. Under the terms of the Clawback Policy, in the event of a restatement of our financial statements due to material non-compliance with any financial reporting requirement under applicable securities laws, the Compensation Committee shall take reasonably prompt action to cause the Company to recover from any covered executive the amount of any incentive-based compensation granted, earned or vested within the three preceding completed fiscal years, to the extent the value of such compensation was in excess of the amount of incentive compensation that would have been granted, earned, or vested had the financial statements been in compliance with the financial reporting requirements. Each executive officer, including our Named Executive Officers, principal accounting officer, and former executive officers, are considered "covered executives" for purposes of the Clawback Policy. Incentive-based compensation is not subject to the Clawback Policy if it is received (i) prior to the date a covered executive becomes an executive officer or (ii) prior to October 2, 2023.

The Prior LTIP and the AR LTIP generally provide that, to the extent required by applicable law or any applicable securities exchange listing standards, or as otherwise determined by the Compensation Committee, all awards under the Prior LTIP and the AR LTIP are subject to the provisions of any clawback policy the Company implements.

EXECUTIVE COMPENSATION TABLES

Summary Compensation Table

The following table summarizes, with respect to our Named Executive Officers, information relating to the compensation earned for services rendered in all capacities during the fiscal years ended December 31, 2023, 2022, and 2021. (1) Reflects the portion of the special cash retention award granted to Mr. Kennedy during 2020 that vested and was paid out in 2023.

(2) The amounts in this column represent the grant date fair value of restricted stock units and performance share units granted to the Named Executive Officers in 2023 pursuant to the AR LTIP, each as computed in accordance with FASB ASC Topic 718. See Note 10 to our consolidated financial statements on Form 10-K for the year ended December 31, 2023, for additional detail regarding assumptions underlying the value of these equity awards. If the maximum level of performance for the annual Net Debt to EBITDAX PSUs granted in March 2023 was achieved, then the value of such award granted to Messrs. Rady and Kennedy and Ms. Schultz would be \$5,000,000, \$2,149,955, and \$1,312,486, respectively.

(3) The amounts in this column represent the annual incentive plan payments.

(4) The amounts in this column represent the Company's allocated portion of the amount of the Company's 401(k) match for fiscal 2023 for each participating Named Executive Officer. Additionally, for Mr. Kennedy and Ms. Schultz, this amount includes \$11,905, which is the Company's allocated portion of the cost of financial services provided to each of Mr. Kennedy and Ms. Schultz by Ayco Financial Planning and Consulting during 2023.

(1) These columns represent the threshold, target and maximum amount that may be earned under our 2023 annual cash incentive plan.

(2) These columns reflect the threshold, target and maximum number of shares that may be earned under performance share units granted to each of Messrs. Rady and Kennedy and Ms. Schultz on March 7, 2023.

(3) This column reflects the number of restricted stock units granted to each of Messrs. Rady and Kennedy and Ms. Schultz on March 7, 2023.

(4) The amounts in this column represent the grant date fair value of restricted stock units and performance share units granted to the Named Executive Officers pursuant to the AR LTIP, as computed in accordance with FASB ASC Topic 718. See Note 10 to our consolidated financial statements on Form 10-K for the year ended December 31, 2023, for additional detail regarding assumptions underlying the value of these equity awards.

(5) One quarter of the absolute TSR PSUs granted on March 7, 2023 are earned (or not) based upon our TSR performance for each of four performance periods: (i) from March 7, 2023 to March 7, 2024, (ii) from March 7, 2024 to March 7, 2025, (iii) from March 7, 2025 to March 7, 2026, and (iv) from March 7, 2023 to March 7, 2026. The Named Executive Officers are each eligible to receive up to 200% of one quarter of the target amount of TSR PSUs awarded, as determined at the end of each applicable performance period (subject to continued service through the fourth and final performance period). There is no performance threshold applicable to the absolute TSR PSUs, but if TSR performance falls between zero and target performance (10% absolute TSR) or between target and maximum performance (20% absolute TSR), then the number of absolute TSR PSUs that will become vested and earned will be determined using linear interpolation between the relevant performance levels.

(6) One third of the Net Debt to EBITDAX PSUs granted on March 7, 2023 are earned (or not) based upon our Net Debt to EBITDAX multiple for each of three performance periods: (i) from January 1, 2023 to December 31, 2023, (ii) from January 1, 2024 to December 31, 2024, and (iii) from January 1, 2025 to December 31, 2025. The Named Executive Officers are each eligible to receive up to 200% of one third of the target amount of Net Debt to EBITDAX PSUs awarded, as determined at the end of each applicable performance period. There is no performance threshold applicable to the Net Debt to EBITDAX PSUs, but if the Net Debt to EBITDAX multiple falls between 2.5x (or higher) and target performance (2.0x) or between target and maximum performance (1.5x), then the number of Net Debt to EBITDAX PSUs that will become vested and earned will be determined using linear interpolation between the relevant performance levels.

(7) The restricted stock units granted to the Named Executive Officers on March 7, 2023 are subject to ratable vesting on the first three anniversaries of March 7, 2023, in each case, subject to such Named Executive Officer's continued employment through such date.

Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table

The following is a discussion of material factors necessary to an understanding of the information disclosed in the Summary Compensation Table and the Grants of Plan-Based Awards for Fiscal Year 2023 table.

Performance Share Units

The Compensation Committee granted annual performance share units to our Named Executive Officers in March 2023. Fifty percent of the performance share units will be earned (or not) based upon absolute TSR measured over four performance periods spanning each of the three years following grant, plus a cumulative period of three years following grant; and 50% of the performance share units will be earned (or not) based upon our Net Debt to EBITDAX multiple measured over three performance periods spanning the calendar year inclusive of grant and each of the two calendar years following grant.

Generally, the performance share units will not vest until the last date of the final performance period applicable to such performance share units. The potential acceleration and forfeiture events related to these performance share units are described in greater detail under the heading "Potential Payments Upon Termination or Change in Control" below.

Restricted Stock Units

The Compensation Committee granted restricted stock units to each of our Named Executive Officers in March 2023. The restricted stock units vest over a three-year period, if such employees remain continuously employed by us from the grant date through the applicable vesting date. The potential acceleration and forfeiture events related to these restricted stock units are described in greater detail under the heading "Potential Payments Upon Termination or Change in Control" below.

Potential Payments Upon Termination or Change in Control

Prior LTIP and AR LTIP Awards

Restricted Stock Units and Stock Options

Any unvested restricted stock units or stock options subject to time-based vesting criteria granted to our Named Executive Officers under the Prior LTIP and the AR LTIP will become immediately fully vested (and, in the case of stock options granted under the Prior LTIP, fully exercisable to the extent not already fully exercisable) if the applicable Named Executive Officer's employment with us terminates due to his death or "disability" or in the event of a "change in control" (as such terms are defined in the Prior LTIP or AR LTIP, as applicable). Such awards will be forfeited for zero consideration in connection with all other termination scenarios.

Performance Share Units

- 2021 Absolute TSR Performance Share Units Granted Under the AR LTIP to Messrs. Rady and Kennedy:
 - Upon a Named Executive Officer's termination due to his death or "disability" or upon the occurrence of a "change in control," (i) any continued employment conditions will be deemed satisfied on the date of such termination of employment or the "change in control" for the portion of the performance share units subject to a performance period that has been completed as of the date of such termination of employment or "change in control," and such performance share units will be settled based on the actual level of performance achieved, (ii) any performance period that has begun but has not been completed will end on the date of such termination of employment or "change in control," and the portion of the performance share units subject to such performance period will be settled based on the actual level of performance achieved as of such date, and (iii) the target number of performance share units that are subject to a performance period that has not yet begun as of the date of such termination of employment or "change in control" will be settled.
 - The Named Executive Officer's termination of employment for any reason other than for "cause" that occurs on or after April 15, 2022, will result in (i) the satisfaction of any continued employment conditions for the portion of the performance share units subject to a performance period that has been completed as of the date of such termination of employment, (ii) settlement of the number of performance share units subject to a completed performance period based on the actual level of performance achieved, (iii) the deemed ending of the three-year performance period applicable to such performance share units as of the date of such termination of employment, and (iv) settlement of a prorated portion of the performance share units subject to such three-year performance period based on the actual level of performance achieved as of the date of such termination of employment. For the avoidance of doubt, if such termination of employment occurs prior to April 15, 2022, then all performance share units will be forfeited for zero consideration as of the date of such termination of employment, and if any one-year performance period applicable to such performance share units has not yet begun as of the date of such termination of employment, the number of performance share units subject to such performance period will be forfeited for zero consideration as of the date of such termination of employment.

Definitions

For purposes of the awards granted under the Prior LTIP and the AR LTIP, a Named Executive Officer will be considered to have incurred a “disability” if the executive is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment that can be expected to result in death or that has lasted or can be expected to last for a continuous period of at least 12 months.

For purposes of the awards granted under the Prior LTIP, a “change in control” generally means the occurrence of any of the following events:

- A person or group of persons acquires beneficial ownership of 50% or more of either (a) the outstanding shares of our common stock or (b) the combined voting power of our voting securities entitled to vote in the election of directors, in each case with the exception of (i) any acquisition directly from us, (ii) any acquisition by us or any of our affiliates, or (iii) any acquisition by any employee benefit plan sponsored or maintained by us or any entity controlled by us;
- The incumbent members of the Board cease for any reason to constitute at least a majority of the Board;
- The consummation of a reorganization, merger or consolidation, or sale or other disposition of all or substantially all of our assets, or an acquisition of assets of another entity (a “Business Combination”), in each case, unless, following such Business Combination, (A) our outstanding common stock immediately prior to such Business Combination represents more than 50% of the outstanding common equity interests and the outstanding voting securities entitled to vote in the election of directors of the surviving entity, (B) no person or group of persons beneficially owns 20% or more of the common equity interests of the surviving entity or the combined voting power of the voting securities entitled to vote generally in the election of directors of such surviving entity, and (C) at least a majority of the members of the board of directors of the surviving entity were members of the incumbent Board at the time of the execution of the initial agreement or corporate action providing for such Business Combination; or
- Approval by our stockholders of a complete liquidation or dissolution of the Company.

For purposes of the awards granted under the AR LTIP, a “change in control” generally has the same meaning as given to such term in the Prior LTIP, except that the second prong of such definition has been clarified as follows:

- The incumbent members of the Board cease for any reason (other than death or disability) to constitute at least a majority of the Board; provided, however, that any individual becoming a director that is approved by a vote of at least two-thirds of the incumbent members of the Board shall be considered an incumbent member of the Board for these purposes.

For purposes of the 2021, 2022 and 2023 performance share units granted under the AR LTIP, “cause” shall mean a finding by the Compensation Committee of the executive’s: (i) final conviction of, or plea of nolo contendere to, a crime that constitutes a felony (or state law equivalent); (ii) gross negligence or willful misconduct in the performance of the executive’s duties that would reasonably be expected to have a material adverse economic effect on us or any of our affiliates; (iii) willful failure without proper legal reason to perform the executive’s duties; or (iv) a material breach of any material provision of the applicable award agreement or any other written agreement or corporate policy or code of conduct established by us or any of our affiliates that would reasonably be expected to have a material adverse economic effect on us or any of our affiliates.

Quantification of Benefits

The following table summarizes the compensation and other benefits that would have become payable to each Named Executive Officer, assuming such Named Executive Officer was terminated either (i) as a result of his death or disability or (ii) for any reason other than cause or a change in control of the Company, in each case, on December 31, 2023. The restricted stock units, performance share units and, once exercised, the stock options represent a direct interest in shares of our common stock, which had a closing price on December 29, 2023, of \$22.68 per share.

Chief Executive Officer Pay Ratio

Pursuant to Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(u) of Regulation S-K, this section provides information regarding the relationship of the annual total compensation of all of our employees to the annual total compensation of our Chief Executive Officer, Mr. Rady. For 2023, the median of the annual total compensation of all Company employees (other than our Chief Executive Officer), calculated in accordance with paragraph (c)(2)(x) of Item 402 of Regulation S-K, was \$107,038, and the annual total compensation of our Chief Executive Officer, as reported in the Summary Compensation Table, was \$13,512,463.

Based on this information, for 2023, the ratio of the annual total compensation of Mr. Rady to the median of the annual total compensation of all of our employees was approximately 126 to 1.

Methodology and Assumptions

We selected December 31, 2023, as the date on which to determine our employee population for purposes of identifying the median of the annual total compensation of all of our employees (other than the Chief Executive Officer) because it was efficient to collect payroll data and other necessary information as of that date. As of December 31, 2023, our employee population consisted of 603 individuals, including all individuals employed by the Company or any of its consolidated subsidiaries, whether as full-time, part-time, seasonal or temporary workers. This population does not include independent contractors. All of our employees are located in the United States.

In identifying our median employee in 2023, we used the annual total compensation as reported in Box 1 of each employee's Form W-2 for 2023 provided to the Internal Revenue Service, minus the amount of each employee's compensation that Antero Midstream reimbursed us for, calculated using the same methodology used to determine the 2023 NEO AM Reimbursement Percentage, as described above under "Compensation Discussion and Analysis—Implementing Our Compensation Program Objectives—Role of the Antero Midstream Compensation Committee and Allocation of Compensation Expenses." We believe this methodology provides a reasonable basis for determining the allocated portion of each employee's total annual compensation, and is an economical method of evaluating the total annual compensation of our employees and identifying our median employee. For the 55 employees hired during 2023, we utilized the annual total compensation reported on each such employee's Form W-2 for 2023 without annualization adjustments, less the amount of such employee's compensation that Antero Midstream reimbursed us for. No cost-of-living adjustments were made in identifying our median employee, as all of our employees (including our Chief Executive Officer) are located in the United States. This calculation methodology was consistently applied to our entire employee population, determined as of December 31, 2023, to identify our median employee in 2023. After we identified our median employee, we calculated each element of our median employee's annual compensation for 2023 in accordance with paragraph (c)(2)(x) of Item 402 of Regulation S-K using the allocation methodology described above, which resulted in annual total compensation of \$107,038. The difference between our median employee's total compensation reported on Form W-2 and our median employee's annual total compensation calculated in accordance with paragraph (c)(2)(x) of Item 402 of Regulation S-K was \$16,057. This amount reflects the Company's 401(k) match and non-cash imputed earnings offset by benefits deductible from gross income. Similarly, the 2023 annual total compensation of our Chief Executive Officer was calculated in accordance with paragraph (c)(2)(x) of Item 402 of Regulation S-K, as reported in the "Total" column of the Summary Compensation Table.

Pay Versus Performance

Pursuant to the amendments to Section 14(i) of the Exchange Act, Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(v) of Regulation S-K, this section provides information regarding the relationship of compensation paid to our Named Executive Officers (“NEOs”) relative to our financial performance.

The following table summarizes compensation values reported in the Summary Compensation Table for our principal executive officer (“PEO”) and the average for our other NEOs, as compared to “compensation actually paid” or “CAP” and the Company’s financial performance for the years ended December 31, 2023, 2022, 2021, and 2020:

As the Company’s NEOs do not participate in any defined benefit plans, no adjustments were required to amounts reported in the Summary Compensation Table totals related to the value of benefits under such plans.

(3) The peer group disclosed is the group of companies whose executive compensation we consider when determining our NEO’s compensation as described in “Compensation Discussion and Analysis—Implementing Our Compensation Program Objectives—Competitive Peer Analysis”. For 2023, the peer group was comprised of APA Corp., Coterra Energy Inc., Continental Resources, Inc., Devon Energy Corporation, Diamondback Energy Inc., EQT Corporation, Marathon Oil Corporation, Ovintiv Inc., Range Resources Corporation and Southwestern Energy Company. The 2023 peer group removed CNX Resources Corporation and added Marathon Oil Corporation when compared to the 2022 peer group. The value of the initial \$100 fixed investment of the 2022 peer group’s TSR for the 2023 year would have been \$248 rather than the \$243 disclosed in this column in 2023 for the 2023 peer group.

ITEM FOUR: APPROVAL OF AMENDED AND RESTATED ANTERO RESOURCES CORPORATION 2020 LONG TERM INCENTIVE PLAN

The use of equity-based awards under the Prior LTIP was a key component of our compensation program from its adoption in 2013 until the adoption of the AR LTIP in 2020, and the use of equity-based awards under the AR LTIP has been a key component of our compensation program since its adoption in 2020. Upon the adoption of the AR LTIP, no further awards were permitted to be made under the Prior LTIP. The ability to grant equity-based compensation awards is critical to attracting and retaining highly qualified individuals. The Board believes that it is in the best interest of our stockholders for those individuals to have an ownership interest in the Company in recognition of their present and potential contributions and to align their interests with those of our future stockholders.

The Board has determined that the current number of shares available for grants under the AR LTIP (which is our only active equity-based plan) is not sufficient to meet the objectives of our compensation program going forward. Accordingly, the Board has adopted, subject to stockholder approval, and proposes that our stockholders approve the Amended and Restated Antero Resources Corporation 2020 Long Term Incentive Plan (the "Amended AR LTIP") in order to increase the number of shares of our common stock available for future grants, as described below, and extend the term of the Amended AR LTIP until the tenth anniversary of the Annual Meeting.

At the Annual Meeting, our stockholders will be asked to approve the Amended AR LTIP. If approved by our stockholders, the Amended AR LTIP will be effective as of the date of the Annual Meeting. The Amended AR LTIP provides for an additional 4,866,100 shares of our common stock that will be available for awards under the Amended AR LTIP, for a total of 14,916,100 shares of common stock since the original adoption of the AR LTIP on June 17, 2020, subject to the adjustment, recycling and counting provisions of the Amended AR LTIP, as described below. If the proposed Amended AR LTIP is not approved by our stockholders, then the AR LTIP will remain in effect.

Background and Purpose of the Proposal

The AR LTIP authorizes awards to be granted covering up to 10,050,000 shares of our common stock, subject to adjustment in accordance with the terms of the AR LTIP upon certain changes in capitalization and similar events. As of March 8, 2024, there were approximately 4,390,095 shares of our common stock available for new awards under the AR LTIP.

On April 17, 2024, subject to and effective upon approval by our stockholders, the Board determined that it is in the Company's best interest to amend and restate the AR LTIP by adopting the Amended AR LTIP, pursuant to which the number of shares of our common stock authorized for issuance thereunder will be increased by 4,866,100 from 10,050,000 to 14,916,100. Since the original adoption of the AR LTIP on June 17, 2020, subject to the adjustment, recycling and counting provisions of the Amended AR LTIP, as described below. The Amended AR LTIP is intended to provide flexibility to enable the continued use of stock-based compensation consistent with the objectives of our compensation program. The length of time the Amended AR LTIP share pool will support our incentive compensation program will depend on numerous factors that cannot be fully anticipated by us at this time including our share price, our executive retention rate, and changes in our compensation practices, which may be influenced by all of the preceding variables as well as changes in the compensation practices of companies with which we compete for executive talent.

Historical Award Information and Equity Use

Summarized below is the total number of shares outstanding pursuant to awards granted and shares available for issuance for future equity awards under the AR LTIP as of March 8, 2024. Also shown are the number of shares that would be available for future grant if the Amended AR LTIP is approved.

	Shares Subject to Outstanding Stock Options ⁽¹⁾	Shares Subject to Outstanding RSUs and PSUs ⁽²⁾	Shares Remaining Available for Future Grant
As of March 8, 2024 (Before Amended AR LTIP is Approved):			
Antero Resources Corporation Long-Term Incentive Plan ⁽⁴⁾	258,696	—	—
Antero Resources Corporation 2020 Long-Term Incentive Plan	—	7,200,441	4,390,095
TOTAL	258,696	7,200,441	4,390,095
Shares Available for Future Grant if Amended AR LTIP is Approved			9,256,195

(1) As of March 8, 2024, the 258,696 stock options outstanding had a weighted average exercise price of \$50.04 and a weighted average life of 1.1 years.

(2) This column reflects performance share units and restricted stock units granted under the AR LTIP, outstanding and unvested as of March 8, 2024. If the service conditions are fulfilled, each restricted stock unit is settleable in one share of our common stock and is reflected as such above. Because the number of shares of common stock to be issued upon settlement of outstanding performance share unit awards is subject to performance conditions, the number of shares of common stock actually issued may be substantially less than the number reflected in this column. Performance share unit awards with completed performance conditions that remain subject to time-based vesting requirements are reflected at the amount of shares expected to be earned based on the performance condition results. Performance share unit awards with uncompleted performance conditions, which are also subject to a time-based vesting requirement, are reflected at the maximum amount of shares that could be earned based on the performance condition results.

Total potential dilution was 3.89% of fully diluted shares outstanding as of March 8, 2024, and would be 5.50% after the increase in the share reserve implemented by adoption of the Amended AR LTIP. Fully diluted shares includes common shares outstanding, equity grants outstanding, and shares available for future grant.

The following table sets forth information regarding stock-settled, time-vested equity awards granted, and performance-based equity awards earned, over each of the last three fiscal years:

	2023	2022	2021	
Stock Options/ Stock Appreciation Rights (SARs) Granted	0	0	0	
Stock-Settled Time-Vested Restricted Shares/ Units Granted ⁽¹⁾	1,531,756	1,610,349	1,584,133

(1) This row includes restricted stock units and awards to directors of fully vested shares of common stock.

(2) Performance-based shares/units in the table above, were calculated based on the applicable number of shares earned each year.

For additional information regarding stock-based awards previously granted by us under the AR LTIP, please see Note 9 to our consolidated financial statements on Form 10-K for the year ended December 31, 2023. As of April 15, 2024, there were 310,170,039 shares of our common stock outstanding. The closing price per share of our common stock on the New York Stock Exchange as of April 15, 2024 was \$29.00.

The proposed Amended AR LTIP is included as Appendix A hereto. If our stockholders approve this proposal, we intend to file, pursuant to the Securities Act, a registration statement on Form S-8 to register the additional shares available for delivery under the Amended AR LTIP.

Summary of the Amended AR LTIP

The following summary provides a general description of the material features of the Amended AR LTIP but is not a complete description of all provisions of the Amended AR LTIP and is qualified in its entirety by reference to the full text of the Amended AR LTIP included as Appendix A, which is incorporated by reference in this proposal. The purpose of the Amended AR LTIP is to attract, retain and motivate qualified persons as employees, directors and other service providers of the Company and its affiliates. The Amended AR LTIP also provides a means through which such persons can acquire and maintain stock ownership or awards, the value of which is tied to the performance of the Company, thereby strengthening their concern for the Company and its affiliates.

The Amended AR LTIP provides for potential grants of: (i) incentive stock options qualified as such under U.S. federal income tax laws ("ISOs"); (ii) stock options that do not qualify as incentive stock options ("Nonstatutory Options," and together with ISOs, "Options"); (iii) stock appreciation rights ("SARs"); (iv) restricted stock awards ("Restricted Stock Awards"); (v) restricted stock units ("Restricted Stock Units" or "RSUs"); (vi) vested stock awards ("Stock Awards"); (vii) dividend equivalents; (viii) other stock-based or cash awards; and (ix) substitute awards (referred to collectively as the "Awards").

Key features of the Amended AR LTIP include:

- No automatic Award grants are promised to any eligible individual;
- Shares (i) withheld or surrendered in payment of the exercise or purchase price or taxes related to an Option or SAR or (ii) repurchased on the open market with the proceeds from the exercise price of an Option, in each case, whether granted under the Amended AR LTIP or the AR LTIP, will not be available for new Awards under the Amended AR LTIP;
- No automatic acceleration of vesting of Awards on a change in control in the plan;
- No 280G gross-ups;
- No evergreen for the share reserve;
- Ten year term;
- Except as permitted in the grant of Substitute Awards, no discounted options or related Awards may be granted;
- No repricing, replacement or re-granting of Options, SARS or other Stock Awards without shareholder approval if the effect would be to reduce the exercise price of the Award (except in the event of certain equitable adjustments or a change in control, as further described below);
- Awards are subject to potential reduction, cancellation or forfeiture pursuant to any clawback policy adopted by the Company, including the Clawback Policy;
- Awards are generally non-transferrable except to an Award recipient's immediate family member or related family trust, pursuant to a qualified domestic relations order or by will or the laws of descent or distribution;
- Meaningful annual limits on total director compensation; and
- Dividends and dividend equivalents are subject to restrictions and risk of forfeiture to the same extent as the Award with respect to which such dividends or dividend equivalents are accrued and will not be paid unless and until such Award has vested.

Eligibility to Participate

Employees, non-employee directors and other service providers of the Company and its affiliates are eligible to receive awards under the Amended AR LTIP. Eligible individuals to whom an Award is granted under the Amended AR LTIP are referred to as "Participants."

As of March 8, 2024, the Company and its affiliates have 3 executive officers, 7 non-employee directors, and 603 other employees who will be eligible to participate in the Amended AR LTIP.

Securities to be Offered

Subject to adjustment, in the event of any distribution, recapitalization, stock split, merger, consolidation or other corporate event, the aggregate number of shares of our common stock that may be issued pursuant to Awards under the Amended AR LTIP is equal to 14,916,100, since the original adoption of the AR LTIP on June 17, 2020 and all such shares will be available for issuance upon the exercise of ISOs. This number represents an increase of 4,866,100 shares of our common stock, from 10,050,000 common shares reserved for issuance under the AR LTIP to 14,916,100 common shares reserved for issuance under the Amended AR LTIP.

If all or any portion of an Award, including an award granted under the Prior LTIP that is outstanding as of the effective date of the Amended AR LTIP (an "Existing Award"), expires or is cancelled, forfeited, exchanged, settled for cash or otherwise terminated without the actual delivery of shares, any shares subject to such Award or Existing Award will again be available for new Awards under the Amended AR LTIP.

Any shares withheld or surrendered in payment of any taxes relating to Awards or Existing Awards (other than Options or SARs) will be again available for new Awards under the Amended AR LTIP. For the avoidance of doubt, irrespective of whether such awards are granted under the Amended AR LTIP, the AR LTIP or the Prior LTIP, (i) shares withheld or surrendered in payment of any exercise or purchase price of an Option or SAR or taxes relating to an Option or SAR and (ii) shares repurchased on the open market with the proceeds from the exercise price of an Option, in each case, will not be available for new Awards under the Amended AR LTIP.

As of March 8, 2024, 4,744,942 shares of our common stock originally reserved under the Prior LTIP had become available for grant under the AR LTIP pursuant to the above recycling provisions and up to an additional 258,696 shares could become available if all outstanding stock options expire without exercise or are otherwise cancelled or forfeited.

Director Compensation Limits

Under the Amended AR LTIP, in a single calendar year, a non-employee director may not be paid compensation, whether denominated in cash or Awards, for such individual's service on the Board in excess of \$750,000. Additional cash amounts or Awards of up to \$100,000 may be paid for any calendar year in which a non-employee director serves on a special committee of the Board or serves as lead director.

Administration

The Board (or a committee of two or more directors appointed by the Board) will administer the Amended AR LTIP (as applicable, the "Administrator"). Subject to the terms of the Amended AR LTIP and applicable law, the Administrator has broad authority to select Participants to receive awards, determine the types of awards and terms and conditions of awards and interpret provisions of the Amended AR LTIP. Subject to applicable law, the Administrator is also authorized to interpret the Amended AR LTIP, to establish, amend and rescind any rules and regulations relating to the Amended AR LTIP, to delegate duties under the Amended AR LTIP, to terminate, modify or amend the Amended AR LTIP (except for certain amendments that require stockholder approval as described below), and to make any other determinations that it deems necessary or desirable for the administration of the Amended AR LTIP. The Administrator may correct any defect, supply any omission or reconcile any inconsistency in the Amended AR LTIP in the manner and to the extent the Administrator deems necessary or desirable.

Source of Shares

Shares of our common stock issued under the Amended AR LTIP may come from authorized but unissued shares, from treasury stock held by the Company or from previously issued shares of our common stock reacquired by the Company, including shares purchased on the open market.

Prohibition on Repricing

Except as may be related to Substitute Awards or in the event of certain equitable adjustments or a change in control, as described in the Amended AR LTIP, without the approval of the stockholders of the Company, the terms of outstanding Awards may not be amended to (i) reduce the exercise price or grant price of an outstanding Option or SAR, (ii) grant a new Option, SAR or other Award in substitution for, or upon the cancellation of, any previously granted Option or SAR that has the effect of reducing the exercise price or grant price, (iii) exchange any Option or SAR for Stock, cash or other consideration when the exercise price or grant price per share of stock under such Option or SAR exceeds the fair market value of a share of our common stock or (iv) take any other action that would be considered a “repricing” of an Option or SAR under the applicable listing standards of the national securities exchange on which our common stock is listed.

Awards Under the Amended AR LTIP

Options

An Option represents a right to purchase our common stock at a fixed exercise price. The Company may grant Options to eligible persons including: (i) ISOs which comply with the requirements of Section 422 of the Code; and (ii) Nonstatutory Options. The exercise price of each Option granted under the Amended AR LTIP will be stated in the option agreement and may vary; however, except in limited circumstances, the exercise price for an Option must not be less than the fair market value per share of our common stock as of the date of grant (or 110% of the fair market value for certain ISOs), nor may the Option be repriced without the prior approval of the Antero Resources shareholders. Options may be exercised as the Administrator determines, but not later than 10 years from the date of grant. The Administrator determines the methods and form of payment for the exercise price of an Option (including, in the discretion of the Administrator, payment in shares of our common stock, other Awards or other property) and the methods and forms in which our common stock will be delivered to a Participant.

SARs

A SAR is the right to receive an amount equal to the excess of the fair market value of one share of our common stock on the date of exercise over the grant price of the SAR, payable in either cash or shares of our common stock or any combination thereof as determined by the Administrator. The grant price of a share of our common stock subject to the SAR will be determined by the Administrator, but in no event will that grant price be less than the fair market value of a share of our common stock on the date of grant. The Administrator has the discretion to determine the other terms and conditions of a SAR award.

Restricted Stock Awards

A Restricted Stock Award is a grant of shares of our common stock subject to a risk of forfeiture, performance conditions, restrictions on transferability and any other restrictions imposed by the Administrator in its discretion. Restrictions may lapse at such times and under such circumstances as determined by the Administrator. Except as otherwise provided under the terms of an award agreement, the holder of a Restricted Stock Award will generally have rights as a stockholder, including the right to vote the common stock subject to the Restricted Stock Award and to receive dividends on the common stock subject to the Restricted Stock Award during the restriction period (subject to limitations on payment of dividends on unvested Awards, as described below). Unless otherwise determined by the Administrator and specified in the award agreement, common stock distributed in connection with a stock split or stock dividend, and other property (other than cash) distributed as a dividend, will be subject to restrictions and a risk of forfeiture to the same extent as the Restricted Stock Award with respect to which such common stock or other property has been distributed. In addition, any cash dividends will be subject to restrictions and risk of forfeiture to the same extent as the Restricted Stock with respect to which such dividends were paid and will not be paid unless and until such Restricted Stock has vested and been earned.

RSUs

RSUs are rights to receive our common stock, cash, or a combination of both equal in value to the number of shares of our common stock covered by the RSUs at the end of a specified period or upon the occurrence of a specified event. The Administrator will subject RSUs to restrictions to be specified in the RSU award agreement, and those restrictions may lapse at such times determined by the Administrator.

Stock Awards

The Administrator is authorized to grant vested common stock as a Stock Award. The Administrator will determine any terms and conditions applicable to grants of common stock, including performance criteria, if any, associated with a Stock Award.

Dividend Equivalents

Dividend equivalents entitle a Participant to receive cash, shares of our common stock, other Awards, or other property equal in value to dividends or other distributions paid with respect to a specified number of shares of our common stock. Dividend equivalents may be awarded on a free-standing basis or in connection with another Award (other than a Restricted Stock Award, Stock Award, Option or SAR). The terms and conditions applicable to dividend equivalents will be determined by the Administrator and set forth in an award agreement, provided, however, that dividend equivalents granted in connection with another Award will be subject to restrictions and a risk of forfeiture to the same extent as the Award with respect to which such dividends accrue and will not be paid unless and until such Award has vested and been earned.

Other Stock-Based or Cash Awards

Other stock-based Awards are awards denominated in or payable in, valued in whole or in part by reference to, or otherwise based on or related to, the value of our common stock. Cash awards may be granted on a free-standing basis, as an element of or a supplement to, or in lieu of any other Award.

Substitute Awards

The Company may grant Awards in substitution for any other Award granted under the Amended AR LTIP or another plan of the Company or its affiliates or any other right of a person to receive payment from the Company or its affiliates. Awards may also be granted in substitution for awards held by individuals who become eligible individuals as a result of certain business transactions, in which case, subject to applicable stock exchange requirements, shares of our common stock subject to such Awards will not be added to or subtracted from the number of shares of our common stock authorized to be granted under the Amended AR LTIP. Substitute Awards that are Options or SARs may have an exercise price per share that is less than the fair market value of a share of our common stock on the date of substitution if the substitution complies with the requirements of Section 409A of the Code and the guidance and regulations promulgated thereunder and other applicable laws.

Other Provisions

Dividends and Dividend Equivalents

Dividends and dividend equivalents are subject to restrictions and risk of forfeiture to the same extent as the Award with respect to which such dividends or dividend equivalents are accrued and will not be paid unless and until such Award has vested.

Recapitalization

In the event of any "equity restructuring" event (such as a stock dividend, stock split, reverse stock split or similar event) with respect to our common stock, the Administrator will equitably adjust (i) the aggregate number or kind of shares that may be delivered under the Amended AR LTIP, (ii) the number or kind of shares or amount of cash subject to an Award, (iii) the terms and conditions of Awards, including the purchase price or exercise price of Awards and performance goals, and (iv) the applicable share-based limitations with respect to Awards provided in the Amended AR LTIP, in each case to equitably reflect such event.

Change in Control

Except to the extent otherwise provided in any applicable Award Agreement, no Award will vest solely upon the occurrence of a change in control. In the event of a change in control or other relevant changes to the Company or our common stock, the Administrator may, in its discretion, (i) accelerate the time of exercisability of an Award, (ii) require Awards to be surrendered in exchange for a cash payment (including canceling an Option or SAR for

no consideration if it has an exercise price or the grant price greater than or equal to the value paid in the transaction), (iii) cancel Awards that remain subject to a restricted period as of the date of the change in control or other event without payment, or (iv) make any other adjustments to Awards that the Administrator deems appropriate to reflect such change in control or other event.

Tax Withholding

The Company and any of its affiliates have the right to withhold, or require payment of, the amount of any applicable taxes due or potentially payable upon exercise, award or lapse of restrictions. The Administrator will determine, in its sole discretion, the form of payment acceptable for such tax withholding obligations, including the delivery of cash or cash equivalents, our common stock (including previously owned shares, net settlement, a broker-assisted sale, or other cashless withholding or reduction of the amount of shares otherwise issuable or delivered pursuant to the Award), other property, or any other legal consideration the Administrator deems appropriate.

Limitations on Transfer of Awards

Participants may not assign, alienate, pledge, attach, sell or otherwise transfer or encumber any Award, other than a Stock Award. Options and SARs may only be exercised by a Participant during that Participant's lifetime or by the person to whom the Participant's rights pass by will or the laws of descent and distribution. Notwithstanding these restrictions, to the extent specifically provided by the Administrator, a Participant may assign or transfer, without consideration, an Award, other than an ISO, to immediate family members or related family trusts or other entities; however, no Award (other than a Stock Award, which is a fully vested share of our common stock) may be transferred to a third-party financial institution for value.

All shares of our common stock subject to an Award and evidenced by a stock certificate will contain a legend restricting the transferability of the shares pursuant to the terms of the Amended AR LTIP, which can be removed once the restrictions have terminated, lapsed or been satisfied. If shares are issued in book entry form, a notation to the same restrictive effect will be placed on the transfer agent's books in connection with such shares.

Clawback

All Awards under the Amended AR LTIP will be subject to any clawback policy adopted by the Company, as in effect from time to time, including the Antero Resources Corporation Incentive Compensation Recovery Policy adopted by the Board, effective as of November 30, 2023.

Plan Amendment and Termination

The Administrator may amend or terminate any Award or award agreement or amend the Amended AR LTIP at any time and the Board may amend or terminate the Amended AR LTIP at any time; however, stockholder approval will be required for any amendment to the extent necessary to comply with applicable law or exchange listing standards. The Administrator does not have the authority, without the approval of stockholders, to amend any outstanding Option or SAR to reduce its exercise price per share or take any other action that would be considered a repricing under the applicable exchange listing standards. Without the consent of an affected Participant, no action by the Administrator or the Board to amend or terminate any Award, award agreement or the Amended AR LTIP, as applicable, may materially and adversely affect the rights of such Participant under any previously granted and outstanding Award.

Term of the Amended AR LTIP

If our shareholders approve this proposal, the Amended AR LTIP will become effective as of the date of the Annual Meeting. Unless earlier terminated by action of the Board, the Amended AR LTIP will terminate on the tenth anniversary of the Annual Meeting. Awards granted before the termination date of the Amended AR LTIP will continue to be effective according to their terms and conditions.

Federal Income Tax Consequences

The following discussion is for general information only and is intended to briefly summarize the United States federal income tax consequences to Participants arising from participation in the Amended AR LTIP. This description is based on current law, which is subject to change (possibly retroactively). The tax treatment of a Participant in the Amended AR LTIP may vary depending on

his or her particular situation and may, therefore, be subject to special rules not discussed below. No attempt has been made to discuss any potential foreign, state, or local tax consequences. In addition, Nonstatutory Options and SARs with an exercise price less than the fair market value of shares of our common stock on the date of grant, SARs payable in cash, RSUs, and certain other Awards that may be granted pursuant to the Amended AR LTIP, could be subject to additional taxes unless they are designed to comply with certain restrictions set forth in Section 409A of the Code and guidance promulgated thereunder.

Tax Consequences to Participants

Options and SARs

Participants will not realize taxable income upon the grant of an Option or SAR. Upon the exercise of a Nonstatutory Option or an SAR, a Participant will recognize ordinary compensation income (subject to the Company's withholding obligations if the Participant is an employee) in an amount equal to the excess of (i) the amount of cash and the fair market value of the common stock received, over (ii) the exercise price of the Award. A Participant will generally have a tax basis in any shares of common stock received pursuant to the exercise of a Nonstatutory Option or SAR that equals the fair market value of such shares on the date of exercise. Subject to the discussion under "Tax Consequences to the Company" below, the Company will be entitled to a deduction for federal income tax purposes that corresponds as to timing and amount with the compensation income recognized by a Participant under the foregoing rules. When a Participant sells the common stock acquired as a result of the exercise of a Nonstatutory Option or SAR, any appreciation (or depreciation) in the value of the common stock after the exercise date is treated as long- or short-term capital gain (or loss) for federal income tax purposes, depending on the holding period. The common stock must be held for more than 12 months to qualify for long-term capital gain treatment.

Participants eligible to receive an ISO will not recognize taxable income on the grant of an ISO. Upon the exercise of an ISO, a Participant will not recognize taxable income, although the excess of the fair market value of the shares of common stock received upon exercise of the ISO ("ISO Stock") over the exercise price will increase the alternative minimum taxable income of the Participant, which may cause such Participant to incur alternative minimum tax. The payment of any alternative minimum tax attributable to the exercise of an ISO would be allowed as a credit against the Participant's regular tax liability in a later year to the extent the Participant's regular tax liability is in excess of the alternative minimum tax for that year.

Upon the disposition of ISO Stock that has been held for the required holding period (generally, at least two years from the date of grant and one year from the date of exercise of the ISO), a Participant will generally recognize capital gain (or loss) equal to the excess (or shortfall) of the amount received in the disposition over the exercise price paid by the Participant for the ISO Stock. However, if a Participant disposes of ISO Stock that has not been held for the requisite holding period (a "Disqualifying Disposition"), the Participant will recognize ordinary compensation income in the year of the Disqualifying Disposition in an amount equal to the amount by which the fair market value of the ISO Stock at the time of exercise of the ISO (or, if less, the amount realized in the case of an arm's length disposition to an unrelated party) exceeds the exercise price paid by the Participant for such ISO Stock. A Participant would also recognize capital gain to the extent the amount realized in the Disqualifying Disposition exceeds the fair market value of the ISO Stock on the exercise date. If the exercise price paid for the ISO Stock exceeds the amount realized (in the case of an arm's-length disposition to an unrelated party), such excess would ordinarily constitute a capital loss.

The Company will generally not be entitled to any federal income tax deduction upon the grant or exercise of an ISO, unless a Participant makes a Disqualifying Disposition of the ISO Stock. If a Participant makes a Disqualifying Disposition, the Company will then, subject to the discussion below under "Tax Consequences to the Company," be entitled to a tax deduction that corresponds as to timing and amount with the compensation income recognized by a Participant under the rules described in the preceding paragraph.

Under current rulings, if a Participant transfers previously held shares of our common stock (other than ISO Stock that has not been held for the requisite holding period) in satisfaction of part or all of the exercise price of an Option, whether a Nonstatutory Option or an ISO, no additional gain will be recognized on the transfer of such previously held shares in satisfaction of the Nonstatutory Option or ISO exercise price (although a Participant would still recognize ordinary compensation income upon exercise of a Nonstatutory Option in the manner described above). Moreover, the number of shares of common stock received upon exercise which equals the number of shares of previously held common stock surrendered in satisfaction of the Nonstatutory Option or ISO exercise price will have a tax basis that equals, and a capital gains holding period that includes, the tax basis and capital gains holding period of the previously held shares of common stock surrendered in satisfaction of the Nonstatutory Option or ISO exercise price. Any additional shares of common stock received upon exercise will have a tax basis that equals the amount of cash (if any) paid by the Participant, plus the amount of compensation income recognized by the Participant under the rules described above.

The Amended AR LTIP generally prohibits the transfer of Awards other than by will or according to the laws of descent and distribution or pursuant to a domestic relations order, but the Amended AR LTIP allows the Administrator to permit the transfer of Awards (other than ISOs) in limited circumstances, in its discretion. For income and gift tax purposes, certain transfers of Nonstatutory Options should generally be treated as completed gifts, subject to gift taxation.

The IRS has not provided formal guidance on the income tax consequences of a transfer of Nonstatutory Options (other than in the context of divorce) or SARs. However, the IRS has informally indicated that after a transfer of stock options (other than in the context of divorce pursuant to a domestic relations order), the transferor will recognize income, which will be subject to withholding, and employment or payroll taxes will be collectible at the time the transferee exercises the stock options. If a Nonstatutory Option is transferred pursuant to a domestic relations order, the transferee will recognize ordinary income upon exercise by the transferee, which will be subject to withholding, and employment or payroll taxes (attributable to and reported with respect to the transferor) will be collectible from the transferee at such time.

In addition, if a Participant transfers a vested Nonstatutory Option to another person and retains no interest in or power over it, the transfer is treated as a completed gift. The amount of the transferor's gift (or generation-skipping transfer, if the gift is to a grandchild or later generation) equals the value of the Nonstatutory Option at the time of the gift. The value of the Nonstatutory Option may be affected by several factors, including the difference between the exercise price and the fair market value of the stock, the potential for future appreciation or depreciation of the stock, the time period of the Nonstatutory Option and the illiquidity of the Nonstatutory Option. The transferor will be subject to a federal gift tax, which will be limited by (i) the annual exclusion of \$18,000 per donee (for 2024, subject to adjustment in future years), (ii) the transferor's lifetime unified credit, or (iii) the marital or charitable deductions. The gifted Nonstatutory Option will not be included in the Participant's gross estate for purposes of the federal estate tax or the generation-skipping transfer tax.

This favorable tax treatment for vested Nonstatutory Options has not been extended to unvested Nonstatutory Options. Whether such consequences apply to unvested Nonstatutory Options or to SARs is uncertain and the gift tax implications of such a transfer is a risk the transferor will bear upon such a disposition.

Restricted Stock Awards; RSUs; Stock Awards; Other Stock-Based or Cash Awards

A Participant will recognize ordinary compensation income upon receipt of cash pursuant to a cash award or, if earlier, at the time the cash is otherwise made available for the Participant to draw upon. Individuals will not have taxable income at the time of grant of an RSU, but rather, will generally recognize ordinary compensation income at the time he or she receives cash or a share of our common stock in settlement of the RSU, as applicable, in an amount equal to the cash or the fair market value of the common stock received.

A recipient of a Restricted Stock Award or Stock Award generally will be subject to tax at ordinary income tax rates on the fair market value of the common stock when it is received, reduced by any amount paid by the recipient; however, if the common stock is not transferable and is subject to a substantial risk of forfeiture when received, a Participant will recognize ordinary compensation income in an amount equal to the fair market value of the common stock (i) when the common stock

first becomes transferable and is no longer subject to a substantial risk of forfeiture, in cases where a Participant does not make a valid election under Section 83(b) of the Code, or (ii) when the Award is received, in cases where a Participant makes a valid election under Section 83(b) of the Code. If a Section 83(b) election is made and the shares are subsequently forfeited, the recipient will not be allowed to take a deduction for the value of the forfeited shares. If a Section 83(b) election has not been made, any dividends received with respect to a Restricted Stock Award that is subject at that time to a risk of forfeiture or restrictions on transfer generally will be treated as compensation that is taxable as ordinary income to the recipient; otherwise the dividends will be treated as dividends.

A Participant who is an employee will be subject to withholding for federal, and generally for state and local, income taxes at the time he or she recognizes income under the rules described above. The tax basis in the common stock received by a Participant will equal the amount recognized by the Participant as compensation income under the rules described in the preceding paragraph, and the Participant's capital gains holding period in those shares will commence on the later of the date the shares are received or the restrictions lapse. Subject to the discussion below under "Tax Consequences to the Company," the Company will be entitled to a deduction for federal income tax purposes that corresponds as to timing and amount with the compensation income recognized by a Participant under the foregoing rules.

Tax Consequences to the Company

Reasonable Compensation

In order for the amounts described above to be deductible by the Company (or its subsidiary), such amounts must constitute reasonable compensation for services rendered or to be rendered and must be ordinary and necessary business expenses.

Golden Parachute Payments

Our ability (or the ability of one of our subsidiaries) to obtain a deduction for future payments under the Amended AR LTIP could also be limited by the golden parachute rules of Section 280G of the Code, which prevent the deductibility of certain excess parachute payments made in connection with a change in control of an employer-corporation.

Compensation of Covered Employees

The ability of the Company (or its subsidiary) to obtain a deduction for amounts paid under the Amended AR LTIP could be limited by Section 162(m) of the Code. Section 162(m) of the Code limits the Company's ability to deduct compensation, for federal income tax purposes, paid during any year to a "covered employee" (within the meaning of Section 162(m) of the Code) in excess of \$1,000,000.

New Plan Benefits

The future awards, if any, that will be made to eligible persons under the Amended AR LTIP are subject to the discretion of the Administrator, and therefore, the benefits or number of shares subject to awards that may be granted in the future to our executive officers, employees and directors is not currently determinable. Therefore, a New Plan Benefits Table is not provided.

Securities Authorized for Issuance Under Equity Compensation Plans

The following table sets forth information about securities that may be issued under the existing equity compensation plans of the Company as of December 31, 2023.

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a) ⁽¹⁾	Weighted – average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (c)

- (1) This column reflects performance share units and restricted stock units granted under the AR LTIP, outstanding and unvested as of December 31, 2023. If the service conditions are fulfilled, each restricted stock unit is settleable in one share of our common stock and is reflected as such above. Because the number of shares of common stock to be issued upon settlement of outstanding performance share unit awards is subject to performance conditions, the number of shares of common stock actually issued may be substantially less than the number reflected in this column. Performance share unit awards with completed performance conditions that remain subject to time-based vesting requirements are reflected at the amount of shares expected to be earned based on the performance condition results. Performance share unit awards with uncompleted performance conditions, which are also subject to a time-based vesting requirement, are reflected at the maximum amount of shares that could be earned based on the performance condition results.
- (2) The Prior LTIP was approved by our sole shareholder prior to our IPO and by our shareholders at the 2014 annual meeting of shareholders. The AR LTIP was approved by our stockholders at the 2020 annual meeting of stockholders.
- (3) The calculation of the weighted-average exercise price of outstanding options, warrants and rights under the Prior LTIP excludes restricted stock units and performance share unit awards granted under the Prior LTIP. Only restricted stock units and performance share units have been granted under the AR LTIP; there is no weighted average exercise price associated with these awards.

Consequences of Failing to Approve the Proposal

The Amended AR LTIP will not be implemented unless approved by our stockholders. If the Amended AR LTIP is not approved by the stockholders, the AR LTIP will remain in effect, and the Company will continue to grant awards under the AR LTIP until the share reserve under the AR LTIP is exhausted. The share reserve could last for a longer period of time, depending on our future equity grant practices, which the Company cannot predict with certainty. However, no awards can be made under the AR LTIP after April 8, 2030. If the remaining share reserve is exhausted, the Company may elect to provide compensation through other means, such as cash-settled awards or other cash compensation, to assure that the Company and its affiliates can attract and retain qualified personnel.

Vote Required

Approval of the Amended AR LTIP requires the affirmative vote of the holders of a majority of the voting power of the shares present in person, online or represented by proxy at the Annual Meeting and entitled to vote on this matter. Abstentions will be treated as votes against this proposal. If you are a street name stockholder and you do not provide your brokerage firm with voting instructions, your brokerage firm may not cast votes with respect to the shares that you beneficially own. These broker non-votes will have no effect on the vote.

The Audit Committee is charged with reviewing the material facts of related person transactions that do not involve Antero Midstream or its subsidiaries (other than the Company and its subsidiaries). The Board, or, if so delegated by the Board, the Conflicts Committee, is charged with reviewing the material facts of related person transactions involving Antero Midstream and its subsidiaries (other than the Company and its subsidiaries). The Audit Committee, the Board, or the Conflicts Committee, as applicable, either approves or disapproves of Antero's participation in such transactions under Antero's Related Persons Transaction Policy adopted by the Board ("RPT Policy"), which pre-approves certain transactions that are not deemed to be related person transactions pursuant to Item 404 of Regulation S-K.

For all related person transactions during 2023 that were required to be reported in "Related Persons Transactions," the procedures described above were followed unless the RPT Policy did not require review, approval or ratification of the transaction.

Agreements with Antero Midstream Corporation

Stockholders' Agreement

On October 9, 2018, concurrently with the execution of the Simplification Agreement, dated as of October 9, 2018 (the "Simplification Agreement"), by and among AMGP, Antero Midstream Partners LP ("Antero Midstream Partners") and certain of Antero's and their affiliates (the "Simplification Agreement"), certain affiliates of Warburg Pincus LLC and Yorktown Partners LLC (collectively, the "Sponsor Holders"); AMGP; a wholly-owned subsidiary of the Company ("AR Sub"); and Paul M. Rady, Glen C. Warren, Jr. and certain of their respective affiliates (collectively, the "Management Stockholders") entered into a Stockholders' Agreement (the "Stockholders' Agreement"), which became effective as of the Closing and which governs certain rights and obligations of the parties following the consummation of the Simplification Transactions. The Sponsor Holders and the Management Stockholders no longer have rights under the Stockholders' Agreement because they no longer hold the requisite number of shares of common stock of Antero Midstream, par value \$0.01 per share ("Antero Midstream Common Stock").

Under the Stockholders' Agreement, and subject to additional limitations in the event of a Fundamental Change (as defined in the Stockholders' Agreement), AR Sub is entitled to designate two directors, who initially were Mr. Rady and Mr. Warren, for nomination and election to the Antero Midstream Board for so long as, together with its affiliates, AR Sub owns an amount of shares equal to at least 8% of the qualifying Antero Midstream Common Stock and one director so long as it owns an amount of shares equal to at least 5% of the qualifying Antero Midstream Common Stock. On April 30, 2021, Mr. Warren retired from the Board and the Antero Midstream Board and, in connection with his retirement, AR Sub designated Michael N. Kennedy as its replacement director to serve on the Antero Midstream Board to fill the resulting vacancy. Mr. Kennedy also stood for election at Antero Midstream's 2021 annual meeting of stockholders as AR Sub's director nominee.

The Sponsor Holders and the Management Stockholders were previously entitled to certain director designation rights, but they no longer hold the requisite amount of Antero Midstream Common Stock. Notwithstanding the foregoing, upon the occurrence of a Fundamental Change, AR Sub will be entitled to designate one director so long as it owns an amount of shares equal to at least 5% of the qualifying Antero Midstream Common Stock.

Pursuant to the Stockholders' Agreement, AR Sub agreed to vote all of its shares of Antero Midstream Common Stock, at AR Sub's election, either

(i) in favor of any other nominees nominated by the Nominating & Governance Committee of the Antero Midstream Board or (ii) in proportion to the votes cast by the public stockholders of Antero Midstream in favor of such nominees. In calculating the 8% and 5% ownership thresholds for purposes of the Stockholders' Agreement, qualifying Antero Midstream Common Stock is determined by dividing the Antero Midstream Common Stock ownership for AR Sub as of the applicable measurement date by (i) the total number of outstanding shares of Antero Midstream Common Stock at the Closing or (ii) the total number of outstanding shares on the applicable measurement date, whichever is less. Pursuant to the terms of the Stockholders' Agreement, no more than 45% of the shares of Antero Midstream Common Stock outstanding as of closing of the Simplification Transactions will be subject to the obligations of the Stockholders' Agreement.

In addition, under the Stockholders' Agreement, for so long as AR Sub has the right to designate at least one director, if Mr. Rady is an executive officer of Antero, he shall serve as Chief Executive Officer at Antero Midstream and (ii) Mr. Rady shall be subject to removal from such officer positions at Antero Midstream only for cause. For so long as Mr. Rady is a member of the Antero Midstream Board and is an executive officer of Antero and/or Antero Midstream, the parties have agreed that he shall serve as Chairman of the Antero Midstream Board, subject to his removal as Chief Executive Officer of Antero Midstream for cause. The Stockholders' Agreement terminates as to each stockholder upon the time at which such stockholder no longer has the right to designate an individual for nomination to the Antero Midstream Board pursuant to the Stockholders' Agreement.

Antero Midstream Registration Rights Agreement

Antero entered into a Registration Rights Agreement (the "Antero Midstream Registration Rights Agreement"), dated as of March 12, 2019, with Antero Midstream, pursuant to which Antero Midstream agreed to register the resale of certain shares of Antero Midstream Common Stock held by Antero, under certain circumstances.

Specifically, pursuant to the Antero Midstream Registration Rights Agreement, Antero Midstream took effective a registration statement under the Securities Act that permits the resale of the Registrable Securities (as defined in the Antero Midstream Registration Rights Agreement) from time to time as permitted by Rule 415 of the Securities Act (or any similar provision adopted by the SEC then in effect) (the "Resale Registration Statement"). Except in certain circumstances, Sponsor Holders (as defined in the Antero Midstream Registration Rights Agreement), which includes Antero and Paul M. Rady, owning at least 3% of the issued and outstanding shares of Antero Midstream Common Stock have the right to require Antero Midstream to facilitate an underwritten offering. Antero Midstream is not obligated to effect any demand registration in which the anticipated aggregate offering price is less than \$50.0 million. Sponsor Holders will also have customary piggyback registration rights to participate in underwritten offerings.

Gathering and Compression Agreements

Antero Resources has gathering and compression service agreements with Antero Midstream that include: (i) the second amended and restated gathering and compression agreement dated December 8, 2019 (the "2019 gathering and compression agreement"), (ii) a gathering and compression agreement from Antero Midstream's acquisition of certain Marcellus gathering and compression assets from Crestwood Equity Partners LP (the "Marcellus gathering and compression agreement") and (iii) a compression agreement from Antero Midstream's acquisition of certain Utica compressors from EnLink Midstream LLC (the "Utica compression agreement" and, together with the 2019 gathering and compression agreement and the Marcellus gathering and compression agreement, the "gathering and compression agreements"). Pursuant to the gathering and compression agreements with Antero Midstream, Antero Resources has dedicated substantially all of its current and future acreage in West Virginia, Ohio and Pennsylvania to Antero Midstream for gathering and compression services. The 2019 gathering and compression agreement has an initial term through 2038, the Marcellus gathering and compression agreement expires in 2031, and the Utica compression agreement has two dedicated

areas that expire in 2024 and 2030. Upon expiration of each of the Marcellus gathering and compression agreement and the Utica compression agreement, Antero Midstream will continue to provide gathering and compression services under the 2019 gathering and compression agreement.

Under the 2019 gathering and compression agreement, Antero Midstream is entitled to receive a low-pressure gathering fee of \$0.30 per Mcf, a high-pressure gathering fee of \$0.18 per Mcf, a compression fee of \$0.18 per Mcf, and a condensate gathering fee of \$4.00 per Bbl, which, in each case, has been subject to CPI-based adjustments. If, and to the extent we request that Antero Midstream construct new high-pressure lines and compressor stations, the 2019 gathering and compression agreement contains minimum volume commitments that require us to utilize or pay for 75% and 70%, respectively, of the capacity of such new construction. Additional high-pressure lines and compressor stations installed on Antero Midstream's own initiative are not subject to such volume commitments. These minimum volume commitments on new infrastructure, as well as price adjustment mechanisms, are intended to support the stability of Antero Midstream's cash flows.

Antero Midstream also has an option to gather and compress natural gas produced by us on any acreage Antero acquires in the future outside of West Virginia, Ohio and Pennsylvania on the same terms and conditions as the 2019 gathering and compression agreement. In the event that Antero Midstream does not exercise this option, we will be entitled to obtain gathering and compression services and dedicate production from limited areas to such third-party agreements from third parties.

In return for our acreage dedication, Antero Midstream has agreed to gather, compress, dehydrate and redeliver all of our dedicated natural gas on a firm commitment, first-priority basis. Antero Midstream may perform all services under the 2019 gathering and compression agreement or it may perform such services through third parties. In the event that Antero Midstream does not perform its obligations under the 2019 gathering and compression agreement, we will be entitled to certain rights and procedural remedies thereunder. In addition, Antero Midstream has the right to elect to be paid for certain services under the 2019 gathering and compression agreement on a cost of service basis designed to generate a specified rate of return.

Pursuant to the 2019 gathering and compression agreement, Antero Midstream has also agreed to build to and connect all of our wells producing dedicated natural gas, subject to certain exceptions, upon 180 days' notice by us. In the event of late connections, our natural gas will temporarily not be subject to the dedication. Antero Midstream is entitled to compensation under the 2019 gathering and compression agreement for capital costs incurred if a well does not commence production within 30 days following the target completion date for the well set forth in the notice from us.

Antero Midstream has agreed to install compressor stations at our direction, but will not be responsible for inlet pressures or for pressuring natural gas to enter downstream facilities if we have not directed Antero Midstream to install sufficient compression. Additionally, Antero Midstream will provide high-pressure gathering pursuant to the gathering and compression agreements.

Under the 2019 gathering and compression agreement and the Marcellus gathering and compression agreement, we may sell, transfer, convey, assign, grant, or otherwise dispose of dedicated properties free of the dedication, provided that the number of net acres of dedicated properties so disposed of, when added to the number of net acres of dedicated properties previously disposed of free of the dedication since the effective date of the agreement, does not exceed the aggregate number of net acres of dedicated properties acquired by us since such effective date. Accordingly, under certain circumstances, we may dispose of a significant number of net acres of dedicated properties free from dedication without Antero Midstream's consent.

After the completion of the initial term, which, as described below, was extended to November 2038, the 2019 gathering and compression agreement will continue in effect from year to year until such time as the agreement is terminated, effective upon an anniversary of the effective date of the agreement, by either Antero Midstream or us on or before the 180th day prior to the anniversary of such effective date.

On December 8, 2019, the 2019 gathering and compression agreement was amended such that, Antero Midstream agreed to rebate us: (i) \$12 million for each quarter in 2020 that Antero Midstream receives gathering fees on average daily volumes in excess of certain thresholds; and (ii) for each quarter in 2021, 2022 and 2023 (a) \$12.0 million for each quarter that the Antero Midstream receives gathering fees on average daily volumes between 2,900 MMcfe/d and 3,150 MMcfe/d, (b) \$15.5 million for each quarter that Antero Midstream

receives gathering fees on average daily volumes between 3,150 MMcfe/d and 3,400 MMcfe/d, and (c) \$19.0 million for each quarter that Antero Midstream receives gathering fees on average daily volumes exceeding 3,400 MMcfe/d. Such amendment also extended the original 20-year initial term by four years to 2038. We earned \$52 million in fee rebates from Antero Midstream during the year ended December 31, 2023. The growth incentive fee rebate program expired on December 31, 2023.

For the year ended December 31, 2023, Antero Resources incurred approximately \$842 million in fees under the gathering and compression agreements.

Processing

On February 6, 2017, a joint venture was formed between Antero Midstream and MarkWest Energy Partners, L.P. ("MarkWest"), a wholly-owned subsidiary of MPLX, LP (the "Joint Venture"), to develop processing and fractionation assets in Appalachia. Antero Midstream and MarkWest each own a 50% interest in the Joint Venture and MarkWest operates the Joint Venture assets. The Joint Venture assets consist of processing plants in West Virginia and a one-third interest in a recently commissioned MarkWest fractionator in Ohio.

Pursuant to a gas processing agreement between us and MarkWest, MarkWest has agreed to process gas from acreage dedicated by us for a fee. MarkWest has entered into a separate agreement with the Joint Venture whereby the Joint Venture has agreed to perform gas processing services with respect to certain volumes on behalf of MarkWest in exchange for the gas processing fees that MarkWest receives from us in connection with such volumes (the "MW-JV Arrangement"). During the year ended December 31, 2023, the Joint Venture derived approximately \$290 million of revenues from us under the MW-JV Arrangement.

Right of First Offer Agreement

On November 10, 2014, we entered into a right of first offer agreement with Antero Midstream for gas processing services pursuant to which we agreed, subject to certain exceptions, not to procure any gas processing or NGLs fractionation services with respect to our production (other than production subject to a pre-existing dedication) without first offering Antero Midstream the right to provide such services. On February 6, 2017, in connection with the formation of the Joint Venture, we and Antero Midstream amended and restated the right of first offer agreement to, among other things, amend the list of conflicting dedications set forth in such agreement to include the gas processing arrangement between us and MarkWest. On February 13, 2018, we further amended and restated the right of first offer agreement to make certain clarifying changes to reflect the original intent of the agreement.

Water Services Agreement

On September 23, 2015, we entered into a water services agreement with Antero Midstream, pursuant to which Antero Midstream agreed to provide through certain of its subsidiaries certain water handling and treatment services to us within an area of dedication in defined service areas in Ohio and West Virginia, and we have agreed to pay fees for those services on a monthly basis. The initial term of the water services agreement is twenty years, automatically renewable from year to year thereafter.

Under the water services agreement, we committed to pay a fee on a minimum volume of fresh water deliveries through 2019, which commitments have since expired in accordance with the terms of the water services agreement. Fees payable to Antero Midstream under the water services agreement are based on the volume of fresh water deliveries thereunder and the services provided by Antero Midstream thereunder. We also agreed to pay Antero Midstream a fixed fee per barrel for wastewater treatment at Antero Midstream's wastewater

treatment facility, which was idled in the third quarter of 2019, and a fee per barrel for wastewater collected in trucks owned by Antero Midstream, in each case subject to annual CPI-based adjustments. In addition, Antero Midstream contracts with third-party service providers to provide us other fluid handling services including flow back and produced water services and we will reimburse Antero Midstream for its third-party out-of-pocket costs plus 3%. In addition to the foregoing, Antero Midstream has the right to elect to be paid for certain services under the water services agreement on a cost of service basis designed to generate a specified rate of return. For the year ended December 31, 2023, we incurred approximately \$269 million in fees under the water services agreement.

Under the water services agreement, we may sell, transfer, convey, assign, grant, or otherwise dispose of dedicated properties free of the dedication, provided that the number of net acres of dedicated properties so disposed of, when added to the number of net acres of dedicated properties previously disposed of free of the dedication since the effective date of the agreement, does not exceed the aggregate number of net acres of dedicated properties acquired by us since such effective date. Accordingly, under certain circumstances, we may dispose of a significant number of net acres of dedicated properties free from dedication without Antero Midstream's consent.

On February 12, 2019, we and Antero Midstream amended and restated the water services agreement to, among other things, make certain clarifying changes with respect to the CPI and the associated adjustments to the fees Antero Midstream will receive from us under the water services agreement.

Secondment Agreement

In 2019, we entered into the Amended and Restated Secondment Agreement with Antero Midstream. Under this agreement, we agreed to provide seconded employees to Antero Midstream to perform certain operational services with respect to the gathering and compression, processing, and NGLs fractionation facilities and water assets, including serving as common paymaster with respect to the seconded employees, and Antero Midstream agreed to reimburse us for expenditures we incur performing those operational services. The initial term of the agreement runs through November 2034, automatically renewable from year to year thereafter. For the year ended December 31, 2023, Antero Midstream reimbursed us for approximately \$18 million of direct and indirect costs and expenses incurred on its behalf pursuant to the secondment agreement.

Services Agreement

In 2019, we entered into the Second Amended and Restated Services Agreement with Antero Midstream, pursuant to which we agreed to provide certain corporate, general and administrative services to Antero Midstream, including serving as common paymaster, in exchange for reimbursement of any direct and indirect costs and expenses associated with providing such services. The initial term of this agreement runs through November 2034, automatically renewable from year to year thereafter. For the year ended December 31, 2022, Antero Midstream reimbursed us for approximately \$29 million of direct and indirect costs and expenses incurred on its behalf pursuant to the services agreement.

License

Pursuant to a license agreement with Antero Midstream, Antero Midstream has the right to use certain Antero-related names and trademarks in connection with the operation of its midstream business.

Other Agreements

From time to time, in the ordinary course of business, we participate in transactions with Antero Midstream and other third parties in which Antero Midstream may be deemed to have a direct or indirect material interest. These transactions include, among other things, agreements that address the receipt of midstream services and provision of contract operating services; surface use agreements; the sale of fuel for use in Antero Midstream's operations; the release of midstream service dedications in connection with acquisitions, dispositions or exchanges of acreage; consent to the extension of existing services being provided by third parties; the construction of certain pipelines and facilities; and the acquisition or disposition of assets and the assignment or assumption of liabilities by us, our subsidiaries and our unconsolidated affiliates. While certain of these transactions are not the result of arm's-length negotiations, we believe the terms of each of the transactions are, and specifically intend the terms to be, generally no more or less favorable to either party than those that could have been negotiated with unaffiliated parties with respect to similar transactions. During the year ended December 31, 2023, we paid an aggregate of \$28 million to Antero Midstream and received no payments from Antero Midstream in connection with such transactions.

Employment

Timothy Rady, Senior Vice President—Land of Antero Resources and the son of Paul M. Rady, the Chairman, Chief Executive Officer and President of Antero, provided services to us in 2023. Total compensation paid to Timothy Rady and allocated to Antero in 2023 consisted of base salary, bonus and other benefits totaling \$401,615 and award grants under the AR LTIP having an aggregate grant date fair value of \$749,984, which are subject to certain time-based vesting conditions.

QUORUM AND VOTING

Voting Stock

Antero's common stock is the only outstanding class of securities that entitles holders to vote generally at meetings of Antero's stockholders. Each share of common stock outstanding on the record date entitles the holder to one vote at the Annual Meeting. Stockholders do not have the right to cumulate their votes for election of Directors.

Quorum

The presence, in person, online or by proxy, of the holders of a majority in voting power of the outstanding shares entitled to vote at the Annual Meeting is necessary to constitute a quorum. Abstentions and broker non-votes (described below) will be counted for purposes of determining whether a quorum is present at the Annual Meeting. The chairman has the power to adjourn the Annual Meeting from time to time, without notice other than as required pursuant to applicable law, until a quorum is present. At any annual meeting reconvened following an adjournment at which a quorum is present, any business may be transacted that might have been transacted at the annual meeting as originally scheduled.

Stockholder List

Antero will maintain at its corporate offices in Denver, Colorado a list of the stockholders entitled to vote at the Annual Meeting. The list will be open to the examination of any stockholder, for purposes germane to the Annual Meeting, during ordinary business hours for ten days before the Annual Meeting.

Vote Required

Only stockholders of record at the close of business on April 15, 2024, have the right to vote at the Annual Meeting. The proposals at the Annual Meeting will require the following votes:

Proposal	Vote required	Voting options	Can brokers vote without instructions?	Effect of abstentions, withheld votes and broker non-votes
Election of directors	Each nominee must receive a plurality of the votes cast	For all nominees Withhold authority for all nominees For all except	No	Withheld votes will not have any effect.* Broker non-votes will not have any effect.
Ratification of the selection of the independent registered public accounting firm	Affirmative vote of the holders of a majority of the voting power of the shares present in person, online or represented by proxy at the meeting and entitled to vote on the matter	For Against Abstain	Yes	Abstentions will have the effect of a vote "against." There should not be broker non-votes.
Advisory approval of the compensation of the Named Executive Officers	Affirmative vote of the holders of a majority of the voting power of the shares present in person, online or represented by proxy at the meeting and entitled to vote on the matter	For Against Abstain	No	Abstentions will have the effect of a vote "against." Broker non-votes will not have any effect.
Approval of the Amended and Restated Antero Resources Corporation 2020 Long Term Incentive Plan	Affirmative vote of the holders of a majority of the voting power of the shares present in person, online or represented by proxy at the meeting and entitled to vote on the matter	For Against Abstain	No	Abstentions will have the effect of a vote "against." Broker non-votes will not have any effect.

An automated system that Broadridge Investor Communications Services administers will tabulate the votes.

Brokers who hold shares in street name for customers are required to vote those shares in accordance with instructions received from the beneficial owners. NYSE Rule 452 restricts when brokers that are record holders of shares may exercise discretionary authority to vote those shares in the absence of instructions from beneficial owners. When brokers are not permitted to vote on a matter without instructions from the beneficial owner, and do not receive such instructions, the result is a "broker non-vote."

* *Votes that are "withheld" from a director's election will not affect the outcome of the vote on the election of a director. However, for a discussion of our Majority Vote Director Resignation Policy, please see "Corporate Governance—Majority Vote Director Resignation Policy."*

Default Voting

A proxy that is properly completed and returned will be voted at the Annual Meeting in accordance with the instructions on the proxy. If you properly complete and return a proxy, but do not indicate any contrary voting instructions, your shares will be voted in accordance with the Board's recommendations, which are as follows:

- FOR the election of the two persons named in this Proxy Statement as the Board's nominees for election as Class II directors;
- FOR the ratification of the selection of KPMG LLP as Antero's independent registered public accounting firm for the fiscal year ending December 31, 2024;
- FOR the approval, on an advisory basis, of the compensation of Antero's Named Executive Officers; and
- FOR the approval of the Amended and Restated Antero Resources Corporation 2020 Long Term Incentive Plan.

If any other business properly comes before the stockholders for a vote at the Annual Meeting, your shares will be voted at the discretion of the holders of the proxy. The Board knows of no matters, other than those previously stated herein, to be presented for consideration at the Annual Meeting.

Revoking Your Proxy

Stockholders of record may revoke their proxy at any time before the electronic polls close by submitting a later-dated vote via the Internet, by telephone or by mail; by delivering instructions to Antero's Secretary before the Annual Meeting commences; or by voting online in person during the Annual Meeting. Beneficial stockholders may revoke any prior voting instructions by contacting the broker, bank, or other nominee that holds their shares prior to the Annual Meeting or by voting online during the meeting.

Solicitation Expenses

We will bear all costs incurred in the solicitation of proxies, including the preparation, printing and mailing of the Notice of Annual Meeting and Proxy Statement and the related materials. In addition to solicitation by mail, our directors, officers and employees may solicit proxies personally or by telephone, e-mail, facsimile or other means, without additional compensation. We have retained MacKenzie Partners, Inc. ("MacKenzie") to aid in the solicitation of proxies for an estimated fee of approximately \$22,500 and the reimbursement of out-of-pocket expenses. We have also agreed to indemnify MacKenzie and its representative against certain losses that arise or relate to MacKenzie's engagement for the solicitation of proxies.

Copies of the Annual Report

Upon written request, we will provide any stockholder, without charge, a copy of the Form 10-K, but without exhibits. Stockholders should direct requests to Antero Resources Corporation, 1615 Wynkoop Street, Denver, Colorado 80202. Our Form 10-K and the exhibits filed or furnished therewith are available on our website, www.anteroresources.com, in the "SEC Filings" subsection of the "Investors" section.

ADDITIONAL INFORMATION

Proxy Materials, Annual Report and Other Information

The Notice of 2024 Annual Meeting of Stockholders and Proxy Statement, along with Antero's Annual Report on Form 10-K for the year ended December 31, 2023, filed with the SEC on February 14, 2024, and Antero's 2023 Annual Report to Stockholders are available free of charge at www.anteroresources.com in the "SEC Filings" subsection under the "Investors" section. These materials do not constitute a part of the proxy solicitation material.

Stockholders Sharing an Address

Each registered stockholder (meaning you own shares in your own name on the books of our transfer agent, Equiniti Trust Company, LLC (formerly American Stock Transfer and Trust Company LLC)) will receive one Notice of Internet Availability (the "Notice") per account, regardless of whether you have the same address as another registered stockholder.

If your shares are held in "street name" (that is, in the name of a bank, broker or other holder of record), applicable rules permit brokerage firms and Antero, under certain circumstances, to send one Notice to multiple stockholders who share the same address. This practice is known as "householding." Householding saves printing and postage costs by reducing duplicate mailings. If you hold your shares through a broker, you may have consented to reducing the number of copies of materials delivered to your address. If you wish to revoke a previously granted "householding" consent, you must contact your broker. If your household is receiving multiple copies of the Notice and you wish to request delivery of a single copy, you should contact your broker directly.

Stockholder Proposals and Director Nominations for the 2025 Annual Meeting

Stockholder Proposals for Inclusion in the 2025 Proxy Statement Any stockholder desiring to present a proposal at Antero's 2025 Annual Meeting of Stockholders and to have the proposal included in Antero's related proxy statement pursuant to Rule 14a-8 must send the proposal to Antero, c/o Yvette K. Schultz, at 1615 Wynkoop Street, Denver, Colorado, 80202, so that it is received no later than December 26, 2024. All such proposals should be in compliance with SEC rules and regulations. Antero will only include in its proxy materials those stockholder proposals that it receives before the deadline and that are proper for stockholder action.

Stockholder Proposals and Director Nominations for Presentation at the 2025 Annual Meeting But Not for Inclusion in 2025 Proxy Statement In addition, any stockholder entitled to vote at Antero's 2025 Annual Meeting of Stockholders may propose business (other than proposals to be included in Antero's proxy materials) and director nominees to be included on the agenda of, and properly presented for action at, the 2025 Annual Meeting of Stockholders if written notice of such stockholder's intent is given in accordance with the requirements of Antero's bylaws and SEC rules and regulations. Any such proposal must be delivered in writing at the address shown previously in this section so it is received between

February 5, 2025 and March 7, 2025; provided, however, that in the event that the date of Antero's 2025 Annual Meeting of Stockholders is more than 30 days before or more than 60 days after the first anniversary date of this year's Annual Meeting, notice by the stockholder to be timely must be so delivered not earlier than the close of business on the 120th day prior to the date of Antero's 2025 Annual Meeting of Stockholders and not later than the close of business on the later of the 90th day prior to Antero's 2025 Annual Meeting of Stockholders or, if the first public announcement of the date of Antero's 2025 Annual Meeting of Stockholders is less than 100 days prior to the date of Antero's 2025 Annual Meeting of Stockholders, the 10th day following the day on which public announcement of the date of Antero's 2025 Annual Meeting of Stockholders is first made by the Company.

Stockholder Proxy Solicitation for Shareholder Director Nominees Any stockholder who intends to solicit proxies in support of any director nominees other than the Company's nominees must comply with the content requirements of SEC Rule 14a-19 (the SEC's universal proxy rule) at the time it complies with the earlier deadlines in the Company's advance notice provisions of its bylaws. Thus, if a stockholder intends to solicit proxies in support of any director nominees submitted under the advance notice provisions of the Company's bylaws for Antero's 2025 Annual Meeting of Stockholders, then such stockholder must also provide proper written notice that sets forth all the information required by SEC Rule 14a-19 to the address shown previously in this section so that it is received between February 5, 2025 and March 7, 2025; provided, however, that if Antero's 2025 Annual Meeting of Stockholder is called for a date that is more than 30 days before or more than 60 days after the first anniversary date of this year's Annual Meeting, to be properly brought, timely notice by the stockholder must be so delivered not earlier than the close of business on the 120th day prior to the date of Antero's 2025 Annual Meeting of Stockholders and not later than the close of business on the later of the 90th day prior to Antero's 2025 Annual Meeting of Stockholders or, if the first public announcement of the date of Antero's 2025 Annual Meeting of Stockholders is less than 100 days prior to the date of Antero's 2025 Annual Meeting of Stockholders, the 10th day following the day on which public announcement of the date of Antero's 2025 Annual Meeting of Stockholders is first made by the Company. Further, in the event that Antero's 2025 Annual Meeting of Stockholders is called for a date that is more than more than 30 days but less than 60 days after the first anniversary date of this year's annual meeting date, to be properly brought, the notice by the stockholder must be received no later than the close of business on the later of the 60th day prior to the date of Antero's 2025 Annual Meeting of Stockholders or the 10th day following the day on which public announcement of the date of Antero's 2025 Annual Meeting of Stockholders is first made by the Company, unless the Company's bylaws call for an earlier date.

- (x) make any other determination and take any other action that the Committee deems necessary or desirable for the administration of the Plan.

The express grant of any specific power to the Committee, and the taking of any action by the Committee, shall not be construed as limiting any power or authority of the Committee. - (b) Exercise of Committee Authority. At any time that a member of the Committee is not a Qualified Member, any action of the Committee relating to an Award granted or to be granted to an Eligible Person who is then subject to Section 16 of the Exchange Act in respect of the Company where such action is not taken by the full Board may be taken either (i) by a subcommittee, designated by the Committee, composed solely of two or more Qualified Members, or (ii) by the Committee but with each such member who is not a Qualified Member abstaining or recusing himself or herself from such action; provided, however, that upon such abstention or recusal, the Committee remains composed solely of two or more Qualified Members. Such action, authorized by such a subcommittee or by the Committee upon the abstention or recusal of such non-Qualified Member(s), shall be the action of the Committee for purposes of the Plan. The Committee may delegate any or all of its powers and duties under the Plan to a subcommittee of directors or to any officer of the Company, including the power to perform administrative functions and grant Awards; provided, however, that such delegation does not (i) violate state or corporate law or (ii) result in the loss of an exemption under Rule 16b-3(d)(1) for Awards granted to Participants subject to Section 16 of the Exchange Act in respect of the Company. Upon any such delegation, all references in the Plan to the "Committee," other than in [Section 8](#), shall be deemed to include any subcommittee or officer of the Company to whom such powers have been delegated by the Committee. Any such delegation shall not limit the right of such subcommittee members or such an officer to receive Awards; provided, however, that such subcommittee members and any such officer may not grant Awards to himself or herself, a member of the Board, or any executive officer of the Company or an Affiliate, or take any action with respect to any Award previously granted to himself or herself, a member of the Board, or any executive officer of the Company or an Affiliate. The Committee may also appoint agents who are not executive officers of the Company or members of the Board to assist in administering the Plan, provided, however, that such individuals may not be delegated the authority to grant or modify any Awards that will, or may, be settled in Stock.
- (d) Limitation of Liability. The Committee and each member thereof shall be entitled to, in good faith, rely or act upon any report or other information furnished to him or her by any officer or employee of the Company or any of its Affiliates, the Company's legal counsel, independent auditors, consultants or any other agents assisting in the administration of the Plan. Members

of the Committee and any officer or employee of the Company or any of its Affiliates acting at the direction or on behalf of the Committee shall not be personally liable for any action or determination taken or made in good faith with respect to the Plan, and shall, to the fullest extent permitted by law, be indemnified and held harmless by the Company with respect to any such action or determination.

- (e) Participants in Non-U.S. Jurisdictions. Notwithstanding any provision of the Plan to the contrary, to comply with applicable laws in countries other than the United States in which the Company or any of its Affiliates operates or has employees, directors or other service providers from time to time, or to ensure that the Company complies with any applicable requirements of foreign securities exchanges, the Committee, in its sole discretion, shall have the power and authority to: (i) determine which of the Company's Affiliates shall be covered by the Plan; (ii) determine which Eligible Persons outside the United States are eligible to participate in the Plan; (iii) modify the terms and conditions of any Award granted to Eligible Persons outside the United States to comply with applicable foreign laws or listing requirements of any foreign exchange; (iv) establish sub-plans and modify exercise procedures and other terms and procedures, to the extent such actions may be necessary or advisable (any such sub-plans and/or modifications shall be attached to the Plan as appendices), provided, however, that no such sub-plans and/ or modifications shall increase the share limitations contained in Section 4(a); and (v) take any action, before or after an Award is granted, that it deems advisable to comply with any applicable governmental regulatory exemptions or approval or listing requirements of any such foreign securities exchange. For purposes of the Plan, all references to foreign laws, rules, regulations or taxes shall be references to the laws, rules, regulations and taxes of any applicable jurisdiction other than the United States or a political subdivision thereof.

4. Stock Subject to Plan.

- (a) Number of Shares Available for Delivery. Subject to adjustment in a manner consistent with Section 8, (i) 14,916,100 shares of Stock are reserved and available for delivery with respect to Awards since the Original Effective Date, and such total shall be available for the issuance of shares upon the exercise of ISOs, *plus* (ii) the number of shares that will or have become available for Awards under this Plan pursuant to Section 4(d) below.
- (b) Application of Limitation to Grants of Awards. Subject to Section 4(c), no Award may be granted if the number of shares of Stock that may be delivered in connection with such Award exceeds the number of shares of Stock remaining available under the Plan minus the number of shares of Stock issuable in settlement of or relating to then-outstanding Awards. The Committee may adopt reasonable counting procedures to ensure appropriate counting, avoid double counting (as, for example, in the case of tandem or Substitute Awards) and make adjustments if the number of shares of Stock actually delivered differs from the number of shares previously counted in connection with an Award.
- (c) Availability of Shares Not Delivered under Awards. If all or any portion of an Award expires or is cancelled, forfeited, exchanged, settled in cash or otherwise terminated, the shares of Stock subject to such Award (including (i) shares forfeited with respect to Restricted Stock and (ii) the number of shares withheld or surrendered to the Company in payment of any taxes relating to Awards, other than Options or Stock Appreciation Rights) shall not be considered "delivered shares" under the Plan, shall be available for delivery with respect to Awards, and shall no longer be considered issuable or related to outstanding Awards for purposes of Section 4(b). If an Award may be settled only in cash, such Award need not be counted against any share limit under this Section 4. For the avoidance of doubt, the following shares shall not be available for delivery with respect to Awards: (A) shares withheld or surrendered to the Company in payment of any exercise or purchase price of an Option or Stock Appreciation Right, (B) shares withheld or surrendered to the Company in payment of any taxes relating to an Option or Stock Appreciation Right, and (C) shares repurchased on the open market with the proceeds from the exercise price of an Option.

- (d) Shares Available Under the Prior Plan. In addition, shares of Stock subject to an award under the Prior Plan that (i) expires or is canceled, forfeited, settled in cash or otherwise terminated without a delivery of Stock to the participant under the Prior Plan or (ii) shares of Stock that are tendered or withheld in payment of any taxes related to awards granted pursuant to the Prior Plan other than options or stock appreciation rights, in either case, on or after the Original Effective Date will be added to the total number of shares available under the Plan. Notwithstanding the foregoing, the following shares shall not be available for Awards, (A) shares withheld or surrendered to the Company in payment of any exercise or purchase price of an option or stock appreciation right under the Prior Plan, (B) shares withheld or surrendered to the Company in payment of any taxes relating to an option or stock appreciation right under the Prior Plan, and (C) shares repurchased on the open market with the cash proceeds from the exercise price of an option under the Prior Plan.
- (e) Shares Available Following Certain Transactions. Substitute Awards granted in accordance with applicable stock exchange requirements and in substitution or exchange for awards previously granted by a company acquired by the Company or any subsidiary or with which the Company or any subsidiary combines shall not reduce the shares authorized for issuance under the Plan or the limitations on grants to non-employee members of the Board under Section 5(b), nor shall shares subject to such Substitute Awards be added to the shares available for issuance under the Plan as provided above (whether or not such Substitute Awards are later cancelled, forfeited or otherwise terminated). Additionally, in the event that a company acquired by the Company or any subsidiary or with which the Company or any subsidiary combines has shares available under a pre-existing plan approved by stockholders and not adopted in contemplation of such acquisition or combination, the shares available for grant pursuant to the terms of such pre-existing plan (as adjusted, to the extent appropriate, using the exchange ratio or other adjustment or valuation ratio or formula used in such acquisition or combination to determine the consideration payable to the holders of common stock of the entities party to such acquisition or combination) may, if and to the extent determined by the Board and subject to compliance with applicable stock exchange requirements, be used for Awards under the Plan and shall not reduce the shares authorized for issuance under the Plan (and shares subject to such Awards shall not be added to the shares available for issuance under the Plan as provided above); provided, that Awards using such available shares shall not be made after the date awards or grants could have been made under the terms of the pre-existing plan, absent the acquisition or combination, and shall only be made to individuals who were not, prior to such acquisition or combination, employed by (and who were not non-employee directors or other service providers of) the Company or any of its subsidiaries immediately prior to such acquisition or combination.
- (f) Stock Offered. The shares of Stock to be delivered under the Plan shall be made available from (i) authorized but unissued shares of Stock, (ii) Stock held in the treasury of the Company, or (iii) previously issued shares of Stock reacquired by the Company, including shares purchased on the open market.

5. Eligibility; Compensation Limitations for Non-Employee Members of the Board.

- (a) Awards may be granted under the Plan only to Eligible Persons.
- (b) In each calendar year during any part of which the Plan is in effect, a non-employee member of the Board may not be paid compensation, whether denominated in cash or Awards, for such individual's service on the Board in excess of \$750,000; provided, however, that for any calendar year in which a member of the Board (i) serves on a special committee of the Board or (ii) serves as lead director, additional compensation up to \$100,000, whether denominated in cash or Awards, may be paid. For purposes of this Section 5(b), the value of Awards shall be determined, if applicable, pursuant to ASC Topic 718 on the date of grant and attributed to the compensation limit for the year in which the Award is granted. For the avoidance of doubt, the limits set forth in this Section 5(b) shall be without regard to grants of Awards or other payments, if any, made to a non-employee member of the Board during any period in which such individual was an employee of the Company or of any of its Affiliates or was otherwise providing services to the Company or to any of its Affiliates other than in the capacity as a director of the Company. For the avoidance of doubt, any cash compensation that is deferred shall be counted toward this limit for the year in which it was first earned, and not when paid or settled, if later.

6. **Specific Terms of Awards.**

- (a) **General.** Awards may be granted on the terms and conditions set forth in this [Section 6](#). Awards granted under the Plan may, in the discretion of the Committee, be granted either alone, in addition to, or in tandem with any other Award. In addition, the Committee may impose on any Award or the exercise thereof, at the date of grant or thereafter (subject to [Section 10](#)), such additional terms and conditions, not inconsistent with the provisions of the Plan, as the Committee shall determine, including subjecting such awards to service- or performance-based vesting conditions. Without limiting the scope of the preceding sentence, with respect to any performance-based conditions, (i) the Committee may use one or more business criteria or other measures of performance as it may deem appropriate in establishing any performance goals applicable to an Award, (ii) any such performance goals may relate to the performance of the Participant, the Company (on a consolidated basis), or to specified subsidiaries, business or geographical units or operating areas of the Company, (iii) the performance period or periods over which performance goals will be measured shall be established by the Committee, and (iv) any such performance goals and performance periods may differ among Awards granted to any one Participant or to different Participants. Except as otherwise provided in an Award Agreement, the Committee may exercise its discretion to reduce or increase the amounts payable under any Award.
- (b) **Options.** The Committee is authorized to grant Options, which may be designated as either ISOs or Nonstatutory Options, to Eligible Persons on the following terms and conditions:
- (i) **Exercise Price.** Each Award Agreement evidencing an Option shall state the exercise price per share of Stock (the “**Exercise Price**”) established by the Committee; provided, however, that except as provided in [Section 6\(j\)](#) or in [Section 8](#), the Exercise Price of an Option shall not be less than the greater of (A) the par value per share of the Stock or (B) 100% of the Fair Market Value per share of the Stock as of the date of grant of the Option (or in the case of an ISO granted to an individual who owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or its parent or any of its subsidiaries, 110% of the Fair Market Value per share of the Stock on the date of grant).
- (ii) **Time and Method of Exercise; Other Terms.** The Committee shall determine the methods by which the Exercise Price may be paid or deemed to be paid, the form of such payment, including cash or cash equivalents, Stock (including previously owned shares or through a cashless exercise, i.e., “net settlement”, a broker-assisted exercise, or other reduction of the amount of shares otherwise issuable pursuant to the Option), other Awards or awards granted under other plans of the Company or any Affiliate, other property, or any other legal consideration the Committee deems appropriate (including notes or other contractual obligations of Participants to make payment on a deferred basis), the methods by or forms in which Stock will be delivered or deemed to be delivered to Participants, including the delivery of Restricted Stock subject to [Section 6\(d\)](#), and any other terms and conditions of any Option. In the case of an exercise whereby the Exercise Price is paid with Stock, such Stock shall be valued based on the Stock’s Fair Market Value as of the date of exercise. No Option may be exercisable for a period of more than ten years following the date of grant of the Option (or in the case of an ISO granted to an individual who owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or its parent or any of its subsidiaries, for a period of more than five years following the date of grant of the ISO).
- (iii) **ISOs.** The terms of any ISO granted under the Plan shall comply in all respects with the provisions of Section 422 of the Code. ISOs may only be granted to Eligible Persons who are employees of the Company or employees of a parent or any subsidiary corporation of the Company. Except as otherwise provided in [Section 8](#), no term of the Plan relating to ISOs (including any SAR in tandem therewith) shall be interpreted, amended or altered, nor shall any discretion or authority granted under the Plan be exercised, so as to disqualify either the Plan or any ISO under Section 422 of the Code, unless notice has been provided to the Participant that such change will result in such disqualification. ISOs shall not be granted more

than ten years after the earlier of the adoption of the Plan or the approval of the Plan by the Company's stockholders. Notwithstanding the foregoing, to the extent that the aggregate Fair Market Value of shares of Stock subject to an ISO and the aggregate Fair Market Value of shares of stock of any parent or subsidiary corporation (within the meaning of Sections 424(e) and (f) of the Code) subject to any other incentive stock options of the Company or a parent or subsidiary corporation (within the meaning of Sections 424(e) and (f) of the Code) that are exercisable for the first time by a Participant during any calendar year exceeds \$100,000, or such other amount as may be prescribed under Section 422 of the Code, such excess shall be treated as Nonstatutory Options in accordance with the Code. As used in the previous sentence, Fair Market Value shall be determined as of the date the ISO is granted. If a Participant shall make any disposition of shares of Stock issued pursuant to an ISO under the circumstances described in Section 421(b) of the Code (relating to disqualifying dispositions), the Participant shall notify the Company of such disposition within the time provided to do so in the applicable award agreement.

- (c) SARs. The Committee is authorized to grant SARs to Eligible Persons on the following terms and conditions:
- (i) Right to Payment. An SAR is a right to receive, upon exercise thereof, the excess of (A) the Fair Market Value of one share of Stock on the date of exercise over (B) the grant price of the SAR as determined by the Committee.
 - (ii) Grant Price. Each Award Agreement evidencing an SAR shall state the grant price per share of Stock established by the Committee; provided, however, that except as provided in Section 6(j) or in Section 8, the grant price per share of Stock subject to an SAR shall not be less than the greater of (A) the par value per share of the Stock or (B) 100% of the Fair Market Value per share of the Stock as of the date of grant of the SAR.
 - (iii) Method of Exercise and Settlement; Other Terms. The Committee shall determine the form of consideration payable upon settlement, the method by or forms in which Stock (if any) will be delivered or deemed to be delivered to Participants, and any other terms and conditions of any SAR. SARs may be either free-standing or granted in tandem with other Awards. No SAR may be exercisable for a period of more than ten years following the date of grant of the SAR.
 - (iv) Rights Related to Options. An SAR granted in connection with an Option shall entitle a Participant, upon exercise, to surrender that Option or any portion thereof, to the extent unexercised, and to receive payment of an amount determined by multiplying (A) the difference obtained by subtracting the Exercise Price with respect to a share of Stock specified in the related Option from the Fair Market Value of a share of Stock on the date of exercise of the SAR, by (B) the number of shares as to which that SAR has been exercised. The Option shall then cease to be exercisable to the extent surrendered. SARs granted in connection with an Option shall be subject to the terms and conditions of the Award Agreement governing the Option, which shall provide that the SAR is exercisable only at such time or times and only to the extent that the related Option is exercisable and shall not be transferable except to the extent that the related Option is transferrable.
- (d) Restricted Stock. The Committee is authorized to grant Restricted Stock to Eligible Persons on the following terms and conditions:
- (i) Restrictions. Restricted Stock shall be subject to such restrictions on transferability, risk of forfeiture and other restrictions, if any, as the Committee may impose. Except as provided in Section 7(a)(iii) and Section 7(a)(iv), during the restricted period applicable to the Restricted Stock, the Restricted Stock may not be sold, transferred, pledged, hedged, hypothecated, margined or otherwise encumbered by the Participant. Except as otherwise provided in the applicable Award Agreement and this Section 6(d), the holder of a Restricted Stock Award will generally have the same rights as a stockholder, including the right to vote the Stock subject to the Restricted Stock Award and to receive dividends on the Stock subject to the Restricted Stock Award during the restriction period (subject, in all cases, to the limitations on payment of dividends on unvested Awards, as described in Section 6(d)(ii) below).

- (ii) Dividends and Splits. As a condition to the grant of an Award of Restricted Stock, the Committee may allow a Participant to elect, or may require, that any cash dividends paid on a share of Restricted Stock be automatically reinvested in additional shares of Restricted Stock, applied to the purchase of additional Awards or deferred without interest to the date of vesting of the associated Award of Restricted Stock, provided that in all events such cash dividends shall be subject to restrictions and a risk of forfeiture to the same extent as the Restricted Stock with respect to which such dividends were paid and shall not be paid unless and until such Restricted Stock has vested and been earned. Stock distributed in connection with a Stock split or Stock dividend, and other property (other than cash) distributed as a dividend, shall be subject to restrictions and a risk of forfeiture to the same extent as the Restricted Stock with respect to which such Stock or other property has been distributed and shall not be delivered unless and until such Restricted Stock has vested and been earned.
- (e) Restricted Stock Units. The Committee is authorized to grant Restricted Stock Units to Eligible Persons on the following terms and conditions:
 - (i) Award and Restrictions. Restricted Stock Units shall be subject to such restrictions (which may include a risk of forfeiture) as the Committee may impose.
 - (ii) Settlement. Settlement of vested Restricted Stock Units shall occur upon vesting or upon expiration of the deferral period specified for such Restricted Stock Units by the Committee (or, if permitted by the Committee, as elected by the Participant). Restricted Stock Units shall be settled by delivery of (A) a number of shares of Stock equal to the number of Restricted Stock Units for which settlement is due, or (B) cash in an amount equal to the Fair Market Value of the specified number of shares of Stock equal to the number of Restricted Stock Units for which settlement is due, or a combination thereof, as determined by the Committee at the date of grant or thereafter.
- (f) Stock Awards. The Committee is authorized to grant Stock Awards to Eligible Persons as a bonus, as additional compensation, or in lieu of cash compensation any such Eligible Person is otherwise entitled to receive, in such amounts and subject to such other terms as the Committee in its discretion determines to be appropriate.
- (g) Dividend Equivalents. The Committee is authorized to grant Dividend Equivalents to Eligible Persons, entitling any such Eligible Person to receive cash, Stock, other Awards, or other property equal in value to dividends or other distributions paid with respect to a specified number of shares of Stock. Dividend Equivalents may be awarded on a free-standing basis or in connection with another Award (other than an Award of Restricted Stock, a Stock Award, Options or Stock Appreciation Rights). The Committee may provide that Dividend Equivalents that are granted as free-standing awards shall be paid or distributed when accrued or at a later specified date and, if distributed at a later date, may be deemed to have been reinvested in additional Stock, Awards, or other investment vehicles or accrued in a bookkeeping account without interest, and subject to such restrictions on transferability and risks of forfeiture, as the Committee may specify. With respect to Dividend Equivalents granted in connection with another Award, such Dividend Equivalents shall be subject to restrictions and a risk of forfeiture to the same extent as the Award with respect to which such dividends accrue and shall not be paid unless and until such Award has vested and been earned.
- (h) Other Stock-Based Awards. The Committee is authorized, subject to limitations under applicable law, to grant to Eligible Persons such other Awards that may be denominated or payable in, valued in whole or in part by reference to, or otherwise based on, or related to, Stock, as deemed by the Committee to be consistent with the purposes of the Plan, including convertible or exchangeable debt securities, other rights convertible or exchangeable into Stock, purchase rights for Stock, Awards with value and payment contingent upon performance of the Company or any other factors designated by the Committee, and Awards valued by reference to the book value of Stock or the value of securities of, or the performance of, specified Affiliates of the Company. The Committee shall determine the terms and conditions of such Other Stock-Based Awards. Stock delivered pursuant to an Other-Stock Based Award in the nature of a purchase right granted under this [Section 6\(h\)](#) shall be purchased for such consideration, paid for at

such times, by such methods, and in such forms, including cash, Stock, other Awards, or other property, as the Committee shall determine.

- (i) Cash Awards. The Committee is authorized to grant Cash Awards, on a free-standing basis or as an element of, a supplement to, or in lieu of any other Award under the Plan to Eligible Persons in such amounts and subject to such other terms as the Committee in its discretion determines to be appropriate, including for purposes of any annual or short-term incentive or other bonus program.
- (j) Substitute Awards; No Repricing. Awards may be granted in substitution or exchange for any other Award granted under the Plan or under another plan of the Company or an Affiliate or any other right of an Eligible Person to receive payment from the Company or an Affiliate. Awards may also be granted under the Plan in substitution for awards held by individuals who become Eligible Persons as a result of a merger, consolidation or acquisition of another entity or the assets of another entity by or with the Company or an Affiliate. Such Substitute Awards referred to in the immediately preceding sentence that are Options or SARs may have an exercise price that is less than the Fair Market Value of a share of Stock on the date of the substitution if such substitution complies with the Nonqualified Deferred Compensation Rules and other applicable laws and exchange rules. Except as provided in this Section 6(j) or in Section 8, without the approval of the stockholders of the Company, the terms of outstanding Awards may not be amended to (i) reduce the Exercise Price or grant price of an outstanding Option or SAR, (ii) grant a new Option, SAR or other Award in substitution for, or upon the cancellation of, any previously granted Option or SAR that has the effect of reducing the Exercise Price or grant price thereof, (iii) exchange any Option or SAR for Stock, cash or other consideration when the Exercise Price or grant price per share of Stock under such Option or SAR exceeds the Fair Market Value of a share of Stock or (iv) take any other action that would be considered a “repricing” of an Option or SAR under the applicable listing standards of the national securities exchange on which the Stock is listed (if any).

7. Certain Provisions Applicable to Awards.

- (a) Limit on Transfer of Awards.
 - (i) Except as provided in Sections 7(a)(iii) and (iv), each Option and SAR shall be exercisable only by the Participant during the Participant’s lifetime, or by the person to whom the Participant’s rights shall pass by will or the laws of descent and distribution. Notwithstanding anything to the contrary in this Section 7(a), an ISO shall not be transferable other than by will or the laws of descent and distribution.
 - (ii) Except as provided in Sections 7(a)(i), (iii) and (iv), no Award, other than a Stock Award, and no right under any such Award, may be assigned, alienated, pledged, attached, sold or otherwise transferred or encumbered by a Participant and any such purported assignment, alienation, pledge, attachment, sale, transfer or encumbrance shall be void and unenforceable against the Company or any Affiliate.
 - (iii) To the extent specifically provided by the Committee and permitted pursuant to Form S-8 and the instructions thereto, an Award may be transferred by a Participant without consideration to immediate family members or related family trusts, limited partnerships or similar entities or on such terms and conditions as the Committee may from time to time establish; provided, however, that no Award (other than a Stock Award) may be transferred to a third-party financial institution for value.
 - (iv) An Award may be transferred pursuant to a domestic relations order entered or approved by a court of competent jurisdiction upon delivery to the Company of a written request for such transfer and a certified copy of such order.
- (b) Form and Timing of Payment under Awards; Deferrals. Subject to the terms of the Plan and any applicable Award Agreement, payments to be made by the Company or any of its Affiliates upon the exercise or settlement of an Award may be made in such forms as the Committee shall determine in its discretion, including cash, Stock, other Awards or other property, and may be made in a single payment or transfer, in installments, or on a deferred basis (which may be required by the Committee or permitted at the election of the Participant on terms and conditions established by the Committee); provided, however, that any such deferred or

installment payments will be set forth in the Award Agreement. Payments may include, without limitation, provisions for the payment or crediting of reasonable interest on installment or deferred payments or the grant or crediting of Dividend Equivalents or other amounts in respect of installment or deferred payments denominated in Stock.

- (c) Evidencing Stock. The Stock or other securities of the Company delivered pursuant to an Award may be evidenced in any manner deemed appropriate by the Committee in its sole discretion, including in the form of a certificate issued in the name of the Participant or by book entry, electronic or otherwise, and shall be subject to such stop transfer orders and other restrictions as the Committee may deem advisable under the Plan or the rules, regulations, and other requirements of the SEC, any stock exchange upon which such Stock or other securities are then listed, and any applicable federal, state or other laws, and the Committee may cause a legend or legends to be inscribed on any such certificates to make appropriate reference to such restrictions. Further, if certificates representing Restricted Stock are registered in the name of the Participant, the Company may retain physical possession of the certificates and may require that the Participant deliver a stock power to the Company, endorsed in blank, related to the Restricted Stock.
- (d) Consideration for Grants. Awards may be granted for such consideration, including services, as the Committee shall determine, but shall not be granted for less than the minimum lawful consideration.
- (e) Additional Agreements. Each Eligible Person to whom an Award is granted under the Plan may be required to agree in writing, as a condition to the grant of such Award or otherwise, to subject an Award that is exercised or settled following such Eligible Person's termination of employment or service to a general release of claims and/or a noncompetition or other restricted covenant agreement in favor of the Company and its Affiliates, with the terms and conditions of such agreement(s) to be determined in good faith by the Committee.

8. Subdivision or Consolidation; Recapitalization; Change in Control; Reorganization.

- (a) Existence of Plans and Awards. The existence of the Plan and the Awards granted hereunder shall not affect in any way the right or power of the Company, the Board or the stockholders of the Company to make or authorize any adjustment, recapitalization, reorganization or other change in the Company's capital structure or its business, any merger or consolidation of the Company, any issue of debt or equity securities ahead of or affecting Stock or the rights thereof, the dissolution or liquidation of the Company or any sale, lease, exchange or other disposition of all or any part of its assets or business or any other corporate act or proceeding.
- (b) Additional Issuances. Except as expressly provided herein, the issuance by the Company of shares of stock of any class, including upon conversion of shares or obligations of the Company convertible into such shares or other securities, and in any case whether or not for fair value, shall not affect, and no adjustment by reason thereof shall be made with respect to, the number of shares of Stock subject to Awards theretofore granted or the purchase price per share of Stock, if applicable.
- (c) Subdivision or Consolidation of Shares. The terms of an Award and the share limitations under the Plan shall be subject to adjustment by the Committee from time to time, in accordance with the following provisions:
 - (i) If at any time, or from time to time, the Company shall subdivide as a whole (by reclassification, by a Stock split, by the issuance of a distribution on Stock payable in Stock, or otherwise) the number of shares of Stock then outstanding into a greater number of shares of Stock or in the event the Company distributes an extraordinary cash dividend, then, as appropriate (A) the maximum number of shares of Stock available for delivery with respect to Awards and applicable limitations with respect to Awards provided in Section 4 and Section 5 (other than cash limits) shall be increased proportionately, and the kind of shares or other securities available for the Plan shall be appropriately adjusted, (B) the number of shares of Stock (or other kind of shares or securities) that may be acquired under any then outstanding Award shall be increased proportionately, and (C) the price (including the Exercise Price or grant price) for each share of Stock (or other kind of shares or securities) subject to then

outstanding Awards shall be reduced proportionately, without changing the aggregate purchase price or value as to which outstanding Awards remain exercisable or subject to restrictions; provided, however, that in the case of an extraordinary cash dividend that is not an Adjustment Event, the adjustment to the number of shares of Stock and the Exercise Price or grant price, as applicable, with respect to an outstanding Option or SAR may be made in such other manner as the Committee may determine that is permitted pursuant to applicable tax and other laws, rules and regulations. Notwithstanding the foregoing, Awards that already have a right to receive extraordinary cash dividends as a result of DERs or other dividend rights will not be adjusted as a result of an extraordinary cash dividend.

- (ii) If at any time, or from time to time, the Company shall consolidate as a whole (by reclassification, by reverse Stock split, or otherwise) the number of shares of Stock then outstanding into a lesser number of shares of Stock, then, as appropriate (A) the maximum number of shares of Stock available for delivery with respect to Awards and applicable limitations with respect to Awards provided in [Section 4](#) and [Section 5](#) (other than cash limits) shall be decreased proportionately, and the kind of shares or other securities available for the Plan shall be appropriately adjusted, (B) the number of shares of Stock (or other kind of shares or securities) that may be acquired under any then outstanding Award shall be decreased proportionately, and (C) the price (including the Exercise Price or grant price) for each share of Stock (or other kind of shares or securities) subject to then outstanding Awards shall be increased proportionately, without changing the aggregate purchase price or value as to which outstanding Awards remain exercisable or subject to restrictions.
- (d) Recapitalization. In the event of any change in the capital structure or business of the Company or other corporate transaction or event that would be considered an “equity restructuring” within the meaning of ASC Topic 718 and, in each case, that would result in an additional compensation expense to the Company pursuant to the provisions of ASC Topic 718, if adjustments to Awards with respect to such event were discretionary or otherwise not required (each such an event, an “*Adjustment Event*”), then the Committee shall equitably adjust (i) the aggregate number or kind of shares that thereafter may be delivered under the Plan, (ii) the number or kind of shares or other property (including cash) subject to an Award, (iii) the terms and conditions of Awards, including the purchase price or Exercise Price of Awards and performance goals, as applicable, and (iv) the applicable limitations with respect to Awards provided in [Section 4](#) and [Section 5](#) (other than cash limits) to equitably reflect such Adjustment Event (“*Equitable Adjustments*”). In the event of any change in the capital structure or business of the Company or other corporate transaction or event that would not be considered an Adjustment Event, and is not otherwise addressed in this [Section 8](#), the Committee shall have complete discretion to make Equitable Adjustments (if any) in such manner as it deems appropriate with respect to such other event.
- (e) Change in Control and Other Events. Except to the extent otherwise provided in any applicable Award Agreement, vesting of any Award shall not occur solely upon the occurrence of a Change in Control and, in the event of a Change in Control or other changes in the Company or the outstanding Stock by reason of a recapitalization, reorganization, merger, consolidation, combination, exchange or other relevant change occurring after the date of the grant of any Award, the Committee, acting in its sole discretion without the consent or approval of any holder, may exercise any power enumerated in [Section 3](#) (including the power to accelerate vesting, waive any forfeiture conditions or otherwise modify or adjust any other condition or limitation regarding an Award) and may also effect one or more of the following alternatives, which may vary among individual holders and which may vary among Awards held by any individual holder:
 - (i) accelerate the time of exercisability of an Award so that such Award may be exercised in full or in part for a limited period of time on or before a date specified by the Committee, after which specified date all unexercised Awards and all rights of holders thereunder shall terminate;

- (ii) redeem in whole or in part outstanding Awards by requiring the mandatory surrender to the Company by selected holders of some or all of the outstanding Awards held by such holders (irrespective of whether such Awards are then vested or exercisable) as of a date, specified by the Committee, in which event the Committee shall thereupon cancel such Awards and cause the Company to pay to each holder an amount of cash or other consideration per Award (other than a Dividend Equivalent or Cash Award, which the Committee may separately require to be surrendered in exchange for cash or other consideration determined by the Committee in its discretion) equal to the Change in Control Price, less the Exercise Price with respect to an Option and less the grant price with respect to a SAR, as applicable to such Awards; provided, however, that to the extent the Exercise Price of an Option or the grant price of an SAR exceeds the Change in Control Price, such Award may be cancelled for no consideration;
- (iii) cancel Awards that remain subject to a restricted period as of the date of a Change in Control or other such event without payment of any consideration to the Participant for such Awards; or
- (iv) make such adjustments to Awards then outstanding as the Committee deems appropriate to reflect such Change in Control or other such event (including the substitution, assumption, or continuation of Awards by the successor company or a parent or subsidiary thereof);

provided, however, that so long as the event is not an Adjustment Event, the Committee may determine in its sole discretion that no adjustment is necessary to Awards then outstanding. If an Adjustment Event occurs, this [Section 8\(e\)](#) shall only apply to the extent it is not in conflict with [Section 8\(d\)](#).

9. General Provisions.

- (a) Tax Withholding. The Company and any of its Affiliates are authorized to withhold from any Award granted, or any payment relating to an Award, including from a distribution of Stock, taxes due or potentially payable in connection with any transaction involving an Award, and to take such other action as the Committee may deem advisable to enable the Company, its Affiliates and Participants to satisfy the payment of withholding taxes and other tax obligations relating to any Award in such amounts as may be determined by the Committee. The Committee shall determine, in its sole discretion, the form of payment acceptable for such tax withholding obligations, including the delivery of cash or cash equivalents, Stock (including previously owned shares, net settlement, a broker-assisted sale, or other cashless withholding or reduction of the amount of shares otherwise issuable or delivered pursuant to the Award), other property, or any other legal consideration the Committee deems appropriate. Any determination made by the Committee to allow a Participant who is subject to Rule 16b-3 to pay taxes with shares of Stock through net settlement or previously owned shares shall be approved by either a committee made up of solely two or more Qualified Members or the full Board. If such tax withholding amounts are satisfied through net settlement or previously owned shares, the maximum number of shares of Stock that may be so withheld or surrendered shall be the number of shares of Stock that have an aggregate Fair Market Value on the date of withholding or surrender equal to the aggregate amount of such tax liabilities determined based on the greatest withholding rates for federal, state, foreign and/or local tax purposes, including payroll taxes, that may be utilized without creating adverse accounting treatment for the Company with respect to such Award, as determined by the Committee.
- (b) Limitation on Rights Conferred under Plan. Neither the Plan nor any action taken hereunder shall be construed as (i) giving any Eligible Person or Participant the right to continue as an Eligible Person or Participant or in the employ or service of the Company or any of its Affiliates, (ii) interfering in any way with the right of the Company or any of its Affiliates to terminate any Eligible Person's or Participant's employment or service relationship at any time, (iii) giving an Eligible Person or Participant any claim to be granted any Award under the Plan or to be treated uniformly with other Participants and/or employees and/or other service providers, or (iv) conferring on a Participant any of the rights of a stockholder of the Company unless and until the Participant is duly issued or transferred shares of Stock in accordance with the terms of an Award.

- (c) Governing Law; Submission to Jurisdiction. All questions arising with respect to the provisions of the Plan and Awards shall be determined by application of the laws of the State of Delaware, without giving effect to any conflict of law provisions thereof, except to the extent Delaware law is preempted by federal law. The obligation of the Company to sell and deliver Stock hereunder is subject to applicable federal and state laws and to the approval of any governmental authority required in connection with the authorization, issuance, sale, or delivery of such Stock. With respect to any claim or dispute related to or arising under the Plan, the Company and each Participant who accepts an Award hereby consent to the exclusive jurisdiction, forum and venue of the state and federal courts located in Denver, Colorado.
- (d) Severability and Reformation. If any provision of the Plan or any Award is or becomes or is deemed to be invalid, illegal, or unenforceable in any jurisdiction or as to any person or Award, or would disqualify the Plan or any Award under any law deemed applicable by the Committee, such provision shall be construed or deemed amended to conform to the applicable law or, if it cannot be construed or deemed amended without, in the determination of the Committee, materially altering the intent of the Plan or the Award, such provision shall be stricken as to such jurisdiction, person or Award and the remainder of the Plan and any such Award shall remain in full force and effect. If any of the terms or provisions of the Plan or any Award Agreement conflict with the requirements of Rule 16b-3 (as those terms or provisions are applied to Eligible Persons who are subject to Section 16 of the Exchange Act) or Section 422 of the Code (with respect to ISOs), then those conflicting terms or provisions shall be deemed inoperative to the extent they so conflict with the requirements of Rule 16b-3 (unless the Board or the Committee, as appropriate, has expressly determined that the Plan or such Award should not comply with Rule 16b-3) or Section 422 of the Code, in each case, only to the extent Rule 16b-3 and such section of the Code are applicable. With respect to ISOs, if the Plan does not contain any provision required to be included herein under Section 422 of the Code, that provision shall be deemed to be incorporated herein with the same force and effect as if that provision had been set out at length herein; provided, further, that, to the extent any Option that is intended to qualify as an ISO cannot so qualify, that Option (to that extent) shall be deemed a Nonstatutory Option for all purposes of the Plan.
- (e) Unfunded Status of Awards; No Trust or Fund Created. The Plan is intended to constitute an “unfunded” plan for certain incentive awards. Neither the Plan nor any Award shall create or be construed to create a trust or separate fund of any kind or a fiduciary relationship between the Company or any Affiliate and a Participant or any other person. To the extent that any person acquires a right to receive payments from the Company or any Affiliate pursuant to an Award, such right shall be no greater than the right of any general unsecured creditor of the Company or such Affiliate.
- (f) Nonexclusivity of the Plan. Neither the adoption of the Plan by the Board nor its submission to the stockholders of the Company for approval shall be construed as creating any limitations on the power of the Board or a committee thereof to adopt such other incentive arrangements as it may deem desirable. Nothing contained in the Plan shall be construed to prevent the Company or any of its Affiliates from taking any corporate action which is deemed by the Company or such Affiliate to be appropriate or in its best interest, whether or not such action would have an adverse effect on the Plan or any Award made under the Plan. No employee, beneficiary or other person shall have any claim against the Company or any of its Affiliates as a result of any such action.
- (g) Fractional Shares. No fractional shares of Stock shall be issued or delivered pursuant to the Plan or any Award, and the Committee shall determine in its sole discretion whether cash, other securities, or other property shall be paid or transferred in lieu of any fractional shares of Stock or whether such fractional shares of Stock or any rights thereto shall be cancelled, terminated, or otherwise eliminated with or without consideration.
- (h) Interpretation. Headings are given to the Sections and subsections of the Plan solely as a convenience to facilitate reference. Such headings shall not be deemed in any way material or relevant to the construction or interpretation of the Plan or any provision thereof. Words in the masculine gender shall include the feminine gender, and, where appropriate, the plural shall

include the singular and the singular shall include the plural. In the event of any conflict between the terms and conditions of an Award Agreement and the Plan, the provisions of the Plan shall control. The use herein of the word “including” following any general statement, term or matter shall not be construed to limit such statement, term or matter to the specific items or matters set forth immediately following such word or to similar items or matters, whether or not non-limiting language (such as “without limitation”, “but not limited to”, or words of similar import) is used with reference thereto, but rather shall be deemed to refer to all other items or matters that could reasonably fall within the broadest possible scope of such general statement, term or matter. References herein to any agreement, instrument or other document means such agreement, instrument or other document as amended, supplemented and modified from time to time to the extent permitted by the provisions thereof and not prohibited by the Plan.

- (i) Facility of Payment. Any amounts payable hereunder to any individual under legal disability or who, in the judgment of the Committee, is unable to manage properly his financial affairs, may be paid to the legal representative of such individual, or may be applied for the benefit of such individual in any manner that the Committee may select, and the Company shall be relieved of any further liability for payment of such amounts.
- (j) Conditions to Delivery of Stock. Nothing herein or in any Award Agreement shall require the Company to issue any shares with respect to any Award if that issuance would, in the opinion of counsel for the Company, constitute a violation of the Securities Act, any other applicable statute or regulation, or the rules of any applicable securities exchange or securities association, as then in effect. In addition, each Participant who receives an Award under the Plan shall not sell or otherwise dispose of Stock that is acquired upon grant, exercise or vesting of an Award in any manner that would constitute a violation of any applicable federal or state securities laws, the Plan or the rules, regulations or other requirements of the SEC or any stock exchange upon which the Stock is then listed. At the time of any exercise of an Option or SAR, or at the time of any grant of any other Award, the Company may, as a condition precedent to the exercise of such Option or SAR or settlement of any other Award, require from the Participant (or in the event of his or her death, his or her legal representatives, heirs, legatees, or distributees) such written representations, if any, concerning the holder’s intentions with regard to the retention or disposition of the shares of Stock being acquired pursuant to the Award and such written covenants and agreements, if any, as to the manner of disposal of such shares as, in the opinion of counsel to the Company, may be necessary to ensure that any disposition by that holder (or in the event of the holder’s death, his or her legal representatives, heirs, legatees, or distributees) will not involve a violation of the Securities Act, any other applicable state or federal statute or regulation, or any rule of any applicable securities exchange or securities association, as then in effect. Stock or other securities shall not be delivered pursuant to any Award until payment in full of any amount required to be paid pursuant to the Plan or the applicable Award Agreement (including any Exercise Price, grant price, or tax withholding) is received by the Company.
- (k) Section 409A of the Code. It is the general intention, but not the obligation, of the Committee to design Awards to comply with or to be exempt from the Nonqualified Deferred Compensation Rules, and Awards will be operated and construed accordingly. Neither this Section 9(k) nor any other provision of the Plan is or contains a representation to any Participant regarding the tax consequences of the grant, vesting, exercise, settlement, or sale of any Award (or the Stock underlying such Award) granted hereunder, and should not be interpreted as such. In no event shall the Company be liable for all or any portion of any taxes, penalties, interest or other expenses that may be incurred by the Participant on account of non-compliance with the Nonqualified Deferred Compensation Rules. Notwithstanding any provision in the Plan or an Award Agreement to the contrary, in the event that a “specified employee” (as defined under the Nonqualified Deferred Compensation Rules) becomes entitled to a payment under an Award that would be subject to additional taxes and interest under the Nonqualified Deferred Compensation Rules if the Participant’s receipt of such payment or benefits is not delayed until the earlier of (i) the date of the Participant’s death, or (ii) the date that is six months after the Participant’s “separation from service,” as defined under the Nonqualified Deferred Compensation Rules (such date, the “**Section 409A Payment Date**”), then such payment or benefit shall not

be provided to the Participant until the Section 409A Payment Date. Any amounts subject to the preceding sentence that would otherwise be payable prior to the Section 409A Payment Date will be aggregated and paid in a lump sum without interest on the Section 409A Payment Date. The applicable provisions of the Nonqualified Deferred Compensation Rules are hereby incorporated by reference and shall control over any Plan or Award Agreement provision in conflict therewith.

- (l) Clawback. The Plan and all Awards granted hereunder are subject to any written clawback policies that the Company, with the approval of the Board or an authorized committee thereof, may adopt either prior to or following the Effective Date, including, but not limited to the Antero Resources Corporation Incentive Compensation Recovery Policy. Any such policy may subject a Participant's Awards and amounts paid or realized with respect to Awards to reduction, cancellation, forfeiture or recoupment if certain specified events or wrongful conduct occur, including an accounting restatement due to the Company's material noncompliance with financial reporting regulations or other events or wrongful conduct specified in any such clawback policy.
 - (m) Status under ERISA. The Plan shall not constitute an "employee benefit plan" for purposes of Section 3(3) of the Employee Retirement Income Security Act of 1974, as amended.
 - (n) Plan Effective Date and Term. The Plan was originally adopted by the Board to be effective on the Original Effective Date and was amended and restated, effective as of the Effective Date. No Awards may be granted under the Plan on and after the tenth anniversary of the Effective Date, which is June 5, 2034. However, any Award granted prior to such termination (or any earlier termination pursuant to Section 10), and the authority of the Board or Committee to amend, alter, adjust, suspend, discontinue, or terminate any such Award or to waive any conditions or rights under such Award in accordance with the terms of the Plan, shall extend beyond such termination until the final disposition of such Award.
10. **Amendments to the Plan and Awards**. The Committee may amend, alter, suspend, discontinue or terminate any Award or Award Agreement, the Plan or the Committee's authority to grant Awards without the consent of stockholders or Participants, except that any amendment or alteration to the Plan, including any increase in any share limitation, shall be subject to the approval of the Company's stockholders not later than the annual meeting next following such Committee action if such stockholder approval is required by any federal or state law or regulation or the rules of any stock exchange or automated quotation system on which the Stock may then be listed or quoted, and the Committee may otherwise, in its discretion, determine to submit other changes to the Plan to stockholders for approval; provided, that, without the consent of an affected Participant, no such Committee action may materially and adversely affect the rights of such Participant under any previously granted and outstanding Award. For purposes of clarity, any adjustments made to Awards pursuant to Section 8 will be deemed not to materially and adversely affect the rights of any Participant under any previously granted and outstanding Award and therefore may be made without the consent of affected Participants.
