**Item 8.01 Other Events.**

On June 9, 2016, Antero Resources Corporation (the "**Company**") entered into a purchase and sale agreement with a third party (the "**Purchase Agreement**") to acquire approximately 55,000 net acres located primarily in Wetzel, Tyler and Doddridge Counties, West Virginia, including approximately 14 MMcfe/d of net production (the "**Acquisition**"). Total consideration for the Acquisition at closing is expected to be approximately \$450 million.

Until July 9, 2016, a third party has the right to sell its 19% average working interest in the acquired properties to the Company on the same terms (the "**Tag Along Option**"). If the Tag Along Option is exercised by the third party, the Company will acquire approximately an additional 13,000 net acres and 3 MMcfe/d of net production for an additional estimated \$110 million (the "**Tag Along Acquisition**").

The consummation of the Acquisition is subject to the satisfaction of customary closing conditions, including, among other things, the absence of legal impediments prohibiting the Acquisition, the performance by the parties, in all material respects, of their respective covenants as set forth in the Purchase Agreement and the accuracy of certain of their respective representations and warranties as set forth in the Purchase Agreement. There can be no assurances that the Acquisition or the Tag Along Acquisition will be consummated or that

the expected benefits of such acquisitions will be realized.
